Beverly Hills Thirsty for Water

Groundwater study seeks viable sources

By Elisa Osegueda

The shallow ground water study, presented at an informal meeting to the City Council on Tuesday, began with the sole purpose to solidify the City's local groundwater investment, perfect the City's water rights, and amend the municipal code to increase accountability to those who dewater the Hollywood Basin. As a result of the study and intense discussion the Council voted during their formal meeting to increase the shallow groundwater replenishment fee.

"How did we get here?" said Environmental Utilities Manager Shana Epstein. "It all started from residents saying, 'we are hearing about all this water by Maple and it's just running to waste. Can't we do something with it?'"

As a result the City conducted a shallow groundwater study on quantity, quality and proximity. A total of 17 sites were studied by the City to solidify local groundwater investments.

"The purpose of the study is to find viable use for wasted water and to diversify the City's water supply portfolio," said Epstein.

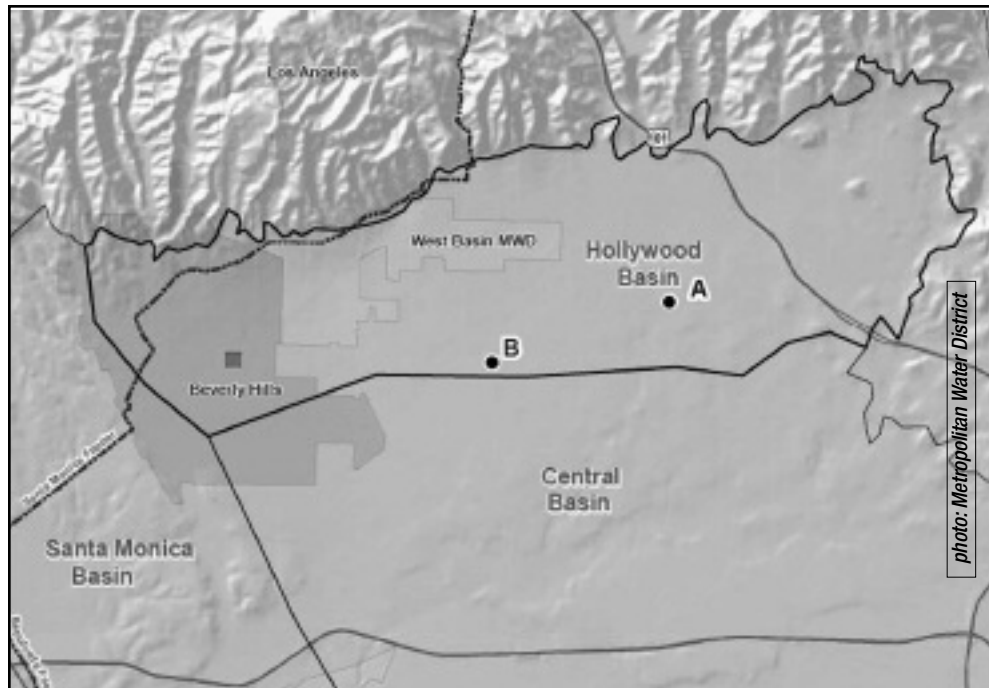

The study included assessment of subterranean garage dewatering sites, and also an evaluation of the shallow groundwater that flows out of the City's old reservoir No.3B located on the west side of Coldwater Canyon Drive.

Alternatives made by consultant Richard Slade and Associates, LLC included the treatment of water at the existing plant, building a new plant, using the water for irrigation, injecting the water back into the groundwater table, or redirecting the water to be treated at the Hyperion Wastewater Treatment Plant.

Councilmember Nancy Krasne made it clear that alternative water resources are of great important to the city.

"We better be a little visionary at this point in time and think ahead, not just for tomorrow, but for about 50 years from now or we are going to be a dead city with no water," said Krasne.

As of date the city has amended the municipal code, which requires all dewaterers to be accountable.

The watershed surface area for the Hollywood Basin is 16.4 square miles and its only producer is the City of Beverly Hills.

"We have already collected fees from those that have been dewatering," said Epstein.

Approximately \$43,254.43 has been collected and deposited to the Water Enterprise Fund.

There are certain basic tiered qualifying criteria that need to be met in order for a dewatering system to be eligible as a candidate for use by the city as a potential water-supply source, according to Treta Tech Engineering Senior Project Manager Steve Ellis.

Three criteria's were discussed, the site must be capable of supplying substantial and reliable flows of groundwater from its groundwater collection facilities. The site then needs to be located close to the existing water treatment plant owned by the City, and last the water quality should be such that the extracted groundwater can be treated by conventional methods currently used by the city's water treatment plant.

Based on the first criteria only three sites were considered, the City's site "A" parking structure, and the 331 and 407 North Maple Drive sites.

According to a staff report presented to the City, these three sites combined can produce flow rates as high as 700 gpm. The Maple Drive sites received greater review and the results proved positive, but the sites will continue to need extensive water quality monitoring and analysis.

The staff report also indicated that when evaluating the alternatives it is important to compare the estimated costs of acquiring the

shallow groundwater to the price of imported water. Imported water costs \$506 per acre foot, equating to approximately 326,000 gallons.

According to Epstein the city receives a \$250 credit from the Metropolitan Water District (MWD) for every acre foot of water produced at the existing plant.

"Clearly there is a credit that will be given that gives us the incentive to try and process this water, because we wont have to build a plant and incur that cost," said Councilmember Linda Briskman.

City Manager Rod Wood said they will continue look at other groundwater opportunities in shallow and deep wells.

"Based on the analysis done we think this is a desirable opportunity and we should spend the time and money now to try to prove the quality of water to the State to get the licensing," said Wood.

A twelve month period will be needed before an approval from the State is granted.

The Council unanimously gave consensus for further studies on groundwater to continue, which will cost approximately \$40,000.

Later in the evening the Council approved the amendment to adjust the groundwater replenishment fee for the 2007-2008 and 2008-2009 fiscal year.

Due to the cost increase of replacement water and other revenue losses incurred through the water treatment plant the replenishment fee will change from \$520.95 per acre-ft. to \$549.70 and \$584.20 per acre-ft.

Sunday's Golden Globes Awards Show Cancelled

For many years the Beverly Hilton has hosted the Golden Globes, but in lieu of the Writers Guild strike that's on its 10th week, the Hollywood Foreign Press Association (HFPA) announced the cancellation of the awards. HFPA will instead reveal the recipients of the Golden Globe Awards in 25 categories during an hour-long HFPA press conference. According to their official statement, the press conference will be held at the Beverly Hilton and will be aired live on NBC News beginning at 6:00 p.m. on Sunday, January 13.

Montage Hotel Projected to Generate \$6.2 million

Recent analysis conducted by Beverly Hills Treasurer Eliot Finkel estimates that in the first year of operation the Montage Hotel is expected to generate \$6.2 million per year in tax revenues. The Gardens Building and garage will provide an additional \$6.1 million in parking revenues, rental income, a five percent premium on hotel receipts and taxes.

The garage will contain 1,172 parking spaces of which the City will have first priority on 640. The benefit to the City's businesses from the increased parking should provide additional revenues.

According to Finkel the city's net investment, after developer's Permits & Fees, is \$29 million. The City's annual return after expenses and possible loss of revenues from other hotels is 15 percent.

"The additional cost to the City of providing such services as Police and Fire Departments is being studied. I am confident our City made a sound financial investment," said Finkel.

La Cienega Boulevard to be Repaved

La Cienega Boulevard between Olympic Boulevard and Clifton Way will undergo repaving work for two weekends in January. This work includes removing two inches of deteriorated asphalt, sealing cracks, repaving and re-striping. The repairs are scheduled for two Saturdays and Sundays, January 12-13 and January 19-20. If the work is cancelled due to weather, work will be automatically rescheduled for the following weekend. The working hours will be between 7 a.m. and 5 p.m. During this time, one lane northbound and southbound will remain open. However, the intersections where active work is occurring will be closed to eastbound and westbound traffic with the exceptions of Wilshire and Olympic boulevards, which will remain

open at all times.

For more information contact Project Civil Engineer Tristan Malabanan at (310) 285-2512 or by email at tmalabanan@beverlyhills.org.

Red Light Enforcements Installed with a 30-Day Warning Period

Tomorrow, Beverly Hills will begin a 30-day warning period for photo red light enforcement at the intersections of Wilshire Boulevard and Whittier Drive, and Olympic Boulevard and Doheny Drive. During the 30-day period, notices of warning will be sent to the registered owners of vehicles captured on camera committing red light violations. At the end of this time, actual notices of violation will be issued by the Police Department.

Unlike previous systems used in Beverly Hills, the new equipment provides digital video and still images, allowing for greater coverage of turning violations and quicker transfer of the information. In addition to receiving the photos by mail, accused violators will be able to view a password protected video clip on Redflex Traffic Systems' website, which has been contracted to provide services related to this program.

For more information contact the Beverly Hills Traffic Bureau at (310) 285-2190.

New Beverly Hills Blog Debuts

After 20 years of living abroad Beverly High alumnus John Mirisch has returned to Beverly Hills with opinions and a blog.

"After moving back to Beverly Hills last year, I was a bit shocked by the current state of the schools, compared with my last true reference point some 20 years ago," said Mirisch. "I also found that I was interested in a variety of other local issues, so I voiced my opinions in a series of letters to the various local papers. The space in the local papers for letters/guest columns is limited, and as I sometimes like to explore the issues in greater depth, a blog seemed to be the best way to add my voice to the ongoing dialogue in our community."

With so many concerns Mirisch says he will focus on the school district and city news.

"Basically, all things Beverly Hills. Schools and local politics are bound to attract my interest the most, but generally anything with a local angle is a possibility," said Mirisch. "I'm very concerned about several issues, notably our schools and the specter of unchecked and over scaled developments in Beverly Hills."

Mirisch a frequent contributor to the Weekly's letters to the editor, says that as long as he has something to say his blog will remain in existence.

"The blog will attempt to be an advocate for community interests and quality of life from a Beverly Hills resident point of view, who has no agenda other than wanting what's best for the City and the residents," said Mirisch.

City Receives \$839,000 to Create and Enhance Security

The U.S. Congress passed legislation that grants the City of Beverly Hills \$893,000 to develop and implement a state-of-the-art

security system that will enhance public safety and create an information network for preventing terrorism and other crime.

The matching funds grant to be awarded by the U.S. Department of Justice, Homeland Security will help launch the Unified Network of Interoperable Technology Enhancements project, or UNITE, a program that will utilize the latest technology to link intelligence and communication systems so as to identify emerging threats to security and share that information quickly.

The key components of UNITE include expansion and enhancement of the City's Closed Circuit Television (CCTV) and Automated License-Plate Recognition (ALPR) systems. UNITE will also create a wireless "mesh" network so that police and fire personnel first responders are able to access a wide range of video, audio and other real-time data from their vehicles.

BHHS Girls Basketball Team Records 19-point victory

Shorthanded Norman boys' basketball team loses Friday, Saturday.

By Steven Herbert

Junior forward Javonna Young had 15 points and eight rebounds, both game highs, and made seven of nine shots, as Beverly High defeated Woodland Hills Louisville, 46-27, Saturday in a nonleague girls' basketball game at Louisville, improving to 12-3.

The Normans led 12-5 at the end of the first quarter, 21-9 at halftime and 30-21 entering the fourth quarter.

"We played alright," Beverly Hills coach John Braddell said after his team's first game since Dec. 22. "We were a little rusty. We missed a lot of lay-ups."

The Normans held an opponent to 30 points or less for the fifth time this season, which Braddell credited to the players responding to a team concept defensively.

Taylor Craig had nine points and seven assists for Beverly Hills. Morgan Mason and Sophie Payson each added eight points and Chelsea Austin six.

Payson made two 3-point baskets and Craig one.

What's Next?

The Normans are scheduled to play host to Hawthorne Friday and Santa Monica Wednesday in Ocean League games at the Swim-Gym beginning at 6 p.m.

The Normans closed to within two points in the fourth quarter, but Michael Cassio responded by making back-to-back 3-point baskets for the Centurions, who held on for the victory in the nonleague game at the

Swim-Gym Friday night.

Beverly Hills trailed 12-8 at the end of the first quarter, 23-18 at halftime and 31-24 entering the fourth quarter.

Jerome Johnson and Ashwin Thomas both scored 10 points for the Normans; Sejin Park seven, including Beverly Hills' lone 3-point basket; Jordan Hughes six; Bo Abrams two and Tenzin Sopea one.

The Normans' comeback hopes were ended by a 9-3 Titans run late in the fourth quarter Saturday in the Johnnie L. Cochran Jr. Basketball Classic at Cal State Dominguez Hills.

Hughes' lay-up after a missed Colony dunk attempt pulled Beverly Hills (9-6) within three, 40-37, with less than five minutes to play.

The Titans' decisive run began with four minutes, 30 seconds remaining on a dunk by Michael Bostic, a senior listed at 6-foot-8. Chris Cooper, a sophomore listed at 6-foot-6, followed with a lay-up for Colony (8-7).

Park's 3-point basket cut the deficit to 44-40 with 1:47 to play, but baskets by Cooper and Gene Saulsbery, who both were scoreless until the final 3:56, and Lamb's free throw put the Titans up 49-40 with 41.7 seconds left.

Beverly Hills trailed 16-10 at the end of the first quarter, 24-23 at halftime and 34-31 entering the fourth quarter.

Elections and Other Notes

Loss of Golden Globes Hurts

By Rudy Cole

The next candidate who demands "change" should be given some pennies and a diaper.

"Time for a Change" is probably the oldest political slogan ever invented and yet you would think the Republican and Democratic candidates for president in the 2008 election just created the concept.

Some of the candidates blame "gridlock" in Washington for our "problems" and others think "experience" translates into being part of the political establishment. It's really time to demand answers on the real challenges that face our nation and these should include the economy, national security, an exit strategy in Iraq, nuclear proliferation, affordable health care, housing, safer communities and support for public schools, to mention a few of the "issues" on which we need programs and solutions, not political posturing.

So, what did we learn from the caucuses and primaries? First, **Barack Obama** does deserve credit for energizing young and independent voters. One of the great challenges to the dem-

ocratic process is the lack of voter interest. Anything that helps turn out the electorate is a plus. But he must now convince us he has the experience, the depth of understanding of both national and international needs to present answers and action programs that will make his dreams reality.

Finally, **Hillary Clinton** did that in her post New Hampshire call for action on real needs.

Side notes: ABC polling place questions on when voters made up their minds discredits the theory that Clinton votes changed in the last days in New Hampshire because of her more emotional reaction to the election. Apparently it had little if anything to do with her "surprise" win.

What is clear is that the Des Moines Register Iowa poll, as always, was totally accurate and the polling done in New Hampshire was a debacle. Having it wrong by up to 10 point swings is not a confidence builder.

Of course, in Iowa the vote was done in caucuses that were open, the New Hampshire

count was in secret ballots.

If you heard **Pat Buchanan** lose it, and unfortunately I did watch his "analysis" melt-down on a cable news network, you have to wonder why he has any credibility left. His screeching, hysterical outbursts were, at the least, embarrassing and in bad taste.

Nothing has happened yet that would make it possible to make a reliable prediction on who will win either the Democratic or Republican party nominations. As for a third party entry, that will only help a struggling Republican campaign now carrying the burdens of an unpopular president, divisions on the role of religion in politics and losses in the congressional elections. A thought for vice presidents: Democrats: **Bill Richardson**. Republicans: **Colin Powell**.

Beverly Hills took a major economic hit with the loss of the Golden Globes. (See page 4).

Aside from the outstanding world-wide publicity our city receives from the annual event, the hotels will lose guests, major post event restaurant and hotel parties were cancelled and there will be a loss in visiting shoppers to our stores.

The Golden Globes, loyal to Beverly Hills and our great Beverly Hilton, did not move venues every few years as did the Academy Awards which went from such diverse sites as the Santa Monica Civic auditorium, the Shrine,

the **Dorothy Chandler** and others to a more permanent home in Hollywood.

Through the years, the Hilton dressed for the occasion and especially since **Beny Alagem** took ownership of that landmark.

As **Jacqueline Paynter**, communications director of the Beverly Hills Chamber of Commerce, correctly pointed out "the cancellation of the Golden Globes has wide-reaching effects well beyond Beverly Hills" and will also impact neighboring, and our own, hotels, retailers, and even services such as spas, airlines and taxis.

Sad that the Hollywood Foreign Press Association and the striking writers could not work out an exemption for something so important to an economy for a community many of them call home. Not the Hilton's fault, but they deserve our appreciation for what the Golden Globes has done for Beverly Hills during the 39 years they remained loyal to our city.

Our own **Lou Milkowski** has become a partner in the prestigious management group, Nigro, Karlin, Segal and Feldstein. A long-time community leader and city commissioner, Lou, with his wife **Gloria Jennings**, also helped keep our Beverly Hills Community Theatre functioning.

Lou's firm has some very high profile clients including **David Letterman, Jessica Biel, Burt Bacharach, Paul Anka** and **Bill Maher**. Lou has a law degree from New York law school and is a member of the American Bar Association plus graduate work in taxation from the University of San Diego School of Law.

Too early to discuss candidates for the 2009 city council election? Probably not, with former school board president **Virginia Maas** working the city early for endorsers and another former school board member and president, **Dr. Willie Briem**, pondering his political future. Another possible strong candidate would be Planning Commission chair **Noah Furie**.

Vice Mayor **Barry Brucker**, who will be inducted as mayor next March will certainly run for a second term, but it will not be a free ride. Brucker also has to face a political reality: Incumbent mayors do not always fare well when running for reelection. Could this mean that **Frank Fenton** might be named mayor for the last two months of his term since Frank is not likely to run for reelection and would at least have the honor of leaving with the title?

Councilmember **Linda Briskman** has said she will not seek a third term, but is that set in political stone? Whatever one thinks about the often volatile Linda, she speaks her mind and votes her conscience even when that is not popular or politically correct. The city might well consider the value her experience brings to government, something we will sorely miss. Some of our best councilmembers served for three terms.

Are we in the Los Angeles area really willing to accept the fact that there is no viable, realistic plan to give our area an NFL franchise? It is truly incredible that the second largest sports market in the world has no professional football team.

Talk of struggling franchises moving here are just that and despite some efforts by people

such as **Eli Broad**, civic and political leaders and the League owners have no real plan to move a team here or give us an expansion entry.

So, a simple plan to send a message: During the super bowl, let's all turn off our sets during the half time show. The loss of viewers will only be a blip in the ratings, but that event is a cash cow for the League and the network. Maybe one small message would be heard. Of course, you may miss a wardrobe malfunction, but it might gain some attention.

A recent letter in another publication down playing the good work of our police department, made a point that needs a response: Cops have an easy job because our residents don't commit crimes. What nonsense. We are not some isolated village far removed from an urban environment. Those who protect and serve mostly deal with perps who come to Beverly Hills to harm us.

Action we do need: The city can and should consider a new master plan on traffic and parking.

There are laws on the books that mandate programs such as ride sharing, but we have no outreach to assure the rules are followed.

There are solutions if we have the leadership and the will to act. Ride sharing for those who work here is an important first step, but we also need programs to encourage use of satellite parking facilities with shuttle buses to the major retail and financial institutions.

We need incentives and benefits for employers that encourage use of mass transit.

We need a diversion program for student

parking, ride sharing and staggered school starting times at the high school. It was a major goof not to include parking in new school construction.

We need a comprehensive off street, permit parking program that protects residents and business and not a street by street limitation that does not understand impacts on neighboring, unregulated streets.

We must have more cooperative programs with neighboring cities that deal with our greatest challenge: Through traffic. One at a time solutions such as increasing limits of parking on Olympic Boulevard are bandaid plans, not long range.

We could also solve our space needs at city hall by discarding all the studies and impact

reports in city files and starting fresh.

The most dapper diner the city ever had died last week at age 101, **Irving Link**. A pioneer realtor, Irving was a long-time Friar when that club was a popular hang out for locals such as **George Jessel, Larry King** and **Milton Berle**. But mostly, Irving will be remembered as the best dressed guy in the room when he ate at the Peninsula or the Beverly Hills Hotel.

Rudy Cole served for eight years as a member and chair of the city's Recreation & Parks Commission. He was also President of the Greystone Foundation and served on three other city committees. Rudy can be reached at: Rudy@bhweekly.com.

depth right now because the kids are getting tired at the end of the fourth quarter.”

The fatigue hurt the team both defensively and offensively, Turcios said.

Beverly Hills allowed 17 points in the fourth quarter, after allowing eight and 10 the previous two quarters. The team also missed shots “because of fatigue,” Turcios said.

Thomas scored 11 points; Johnson nine; Anthony Williams five, including a second-quarter 3-point basket; Abrams and Hughes four each; Park and Trevor Walters three each on 3-point baskets in the final 1:47 and Matt Sibiger and Sopea two each.

Both Friday and Saturday the Normans played without four players who were suspended for four games for missing the four-game Sea Hawk Beach Classic. The suspensions will be completed after Friday’s game.

“The policy is if you miss, you don’t play a game,” Turcios said. “Parents need to understand that basketball is played” during Christmas break. “If you play in college, what are you going to tell the coach? That you’re going on vacation.”

The four suspended players — leading scorer Julian Wheeler, USC signee Romeo Miller, starting center Justin Cooper and freshman Greg Townsend — all returned to practice last week, Turcios said.

What’s Next?

The Normans are scheduled to play at Hawthorne Friday and Santa Monica Wednesday in Ocean League games beginning at 7:30 p.m.

90210 FUNDS ELECTION

Residents weigh in on the 2008 Presidential Campaign

By Elisa Osegueda

As the 2008 Presidential election takes off at full speed, Beverly Hills residents have been busy writing checks to their favorite candidates. According to the Federal Election Commission Beverly Hills residents contributed significantly to Hillary Rodham Clinton, Barack Obama, Rudolph Giuliani and Mitt Romney's campaigns.

Obama's stunning win in Iowa did not surprise Metropolitan Theaters Chairman and CEO Bruce Corwin.

"His win surprised many, but he will go on to win South Carolina," said Corwin.

Obama's campaign took a different turn with the loss of New Hampshire Tuesday night. Obama came in second to Clinton with 37 percent of the votes.

Corwin met Obama two years ago at a private breakfast. After hearing Obama speak Corwin called his wife and said, "I just heard the next President of the United States."

Corwin says it's Obama's personality that allows people to relate to him, specially young people.

"He has such an air of leadership about him. A calmness yet the ability to express himself in such a passionate and effective way that I really felt I was in the presence of greatness," said Corwin. "I think that is one of the reasons why young people are voting overwhelming for him."

Corwin's wife Toni is an avid supporter of Hillary Clinton, donating \$2,300 to her campaign.

"We have an interface marriage," said Bruce Corwin. "We are both life long Democrats and whoever the nominee is we will vote for that person, but in the primary we just happen to be supporting different candidates. I am a fan of Hillary, but a bigger fan of Obama."

According to the Federal Election Commission an individual may give to each candidate or candidate committee per election \$2,300.

Other prominent Beverly Hills residents have already expressed their support for Obama, Edwards and Clinton. (See chart to the right)

But Clinton's Iowa loss proved to have no negative effect on her campaign as she captured 39 percent of the votes in New Hampshire.

Clinton supporter former Beverly Hills Mayor Max Salter believes Clinton is the best fit to lead the White House.

"I think she is the one that would be the best candidate for the Democratic party," said Salter.

Salter says he supports Clinton because of her "experience and [because] Bill will always be in the background to help."

Corwin believes there aren't too many differences between Democrats Obama, Clinton, and John Edwards.

"The Obama, Clinton and Edwards platforms are very much alike. If you were to dissect their differences in their healthcare platform, energy platform and foreign policy platform you will see very minor differences," said Corwin. "They are progressive liberals. We democrats believe that the government is there to help people."

But this election is one that will change U.S. history, according to Salter.

"There is something very important about this election," said Salter. "The fact that a black man is running and that a woman is running is a major change for our country and I say it's about time."

The main factor that both Corwin and Salter agree on is the need for change.

"The main thing is that we have to have a change from Bush. I hope the majority of the people have the same feeling," said Salter.

Rudolph Giuliani, Mitt Romney, and John McCain, were among the most popular Republican names that received donations from Beverly Hills residents.

According to the Federal Election Commission, Peninsula Hotel owner Robert Zarnegin donated \$6,900 to Giuliani. Among other big donors to Giuliani were Bentley Forbes Real Estate Chairman C.F Wehba and his wife Susan who collectively gave \$4,600 to his campaign.

Former Beverly Hills Chamber of Commerce President Solon Soteris believes Mitt Romney should win the presidency.

"He has a proven record as governor of Massachusetts and also in business," said Soteris. "I think he would be an excellent president."

Among supporters for Romney are Geary's CEO Tom Blumenthal and Guess Inc CEO Vice Chairman Paul Marciano both gave \$2,300 to his campaign.

Giuliani is another Republican contender that Soteris says has done a great job in New York.

"He's cleaned up the city and handled the disasters," said Soteris. "But [ultimately] I think Romney would be better for the country."

Mike Huckabee's lead in the Iowa primary didn't affect Soteris, who says he won't win the race.

"I just don't think he has enough money or the savvy to become president," said Soteris.

Although a Republican, Soteris says Edwards would make a better president than Obama.

"On the Democrat side. I think that John Edwards would do a better job than Obama. The reason I say that is because Edwards always addresses special interest groups and that's what really is monopolizing Washington politicians," said Soteris. "These special interest groups have a great say of what is happening in Washington and I think Edwards would be someone that would really clean them out."

But older Beverly Hills residents aren't the only one's active during this presidential campaign. Beverly High students have also taken an interest in the election. Early last year Beverly High students created the Barack Obama Club led by senior Michael Spitzer Rubenstein and yesterday a workshop was held to inform students on how to volunteer at the polls.

According to Corwin, California may turn out to play a bigger role than in past elections.

"California could turn out to be the key of the election, but we have a long way to go," said Corwin. "This is a marathon."

Pursuant to Sections 3702, 3381, and 3382, Revenue and Taxation Code, the Notice of Sale of Tax-Defaulted Property Subject to the Power of Sale in and for the County of Los Angeles, State of California, has been divided and distributed to various newspapers of general circulation published in said County for publication of a portion thereof in each of said newspapers.

Public Auction Notice (R&TC 3702)
Of Sale Of Tax-Defaulted Property Subject To
The Power Of Sale (Sale No. 2008A)

Whereas, on October 16, 2007, I, MARK J. SALADINO, Treasurer and Tax Collector, was directed by the Board of Supervisors of Los Angeles County, State of California, to sell at public auction certain Tax-Defaulted properties which are Subject to the Power of Sale. Public notice is hereby given that unless said properties are redeemed prior thereto, I will, on February 11 and 12, 2008, at the hour of 9:00 a.m., at the Fairplex Los Angeles County Fairgrounds, 1101 W. McKinley Avenue, Building 8, Pomona, California, offer for sale and sell said properties at public auction to the highest bidder for cash or cashier's check in lawful money of the United States for not less than the minimum bid. If no bids are received on a parcel, it will be re-offered at the end of the auction at a reduced minimum price.

The minimum bid for each parcel is the total amount necessary to redeem, plus costs, as required by Section 3698.5 of the Revenue and Taxation Code.

Prospective bidders should obtain detailed information of this sale from the County Treasurer and Tax Collector. Pre-registration and a \$5,000 deposit in the form of cash, cashier's check or bank issued money order is required at the time of registration. No personal checks, two-party checks or business checks will be accepted for registration. Registration will be from 8:00

a.m. to 5:00 p.m., starting, Monday, January 7, 2008, at the Treasurer and Tax Collector's Office, located at 225 North Hill Street, Room 130, Los Angeles, California and will end on Friday, January 25, 2008, at 5:00 p.m.

If the property is sold, parties of interest, as defined by Section 4675 of the Revenue and Taxation Code, have a right to file a claim with the County for any proceeds from the sale, which are in excess of the liens and costs required to be paid from the proceeds. If excess proceeds result from the sale, notice will be given to parties of interest, pursuant to law.

All information concerning redemption, provided the right to redeem has not previously been terminated, will upon request be furnished by MARK J. SALADINO, Treasurer and Tax Collector.

If redemption of the property is not made according to the law before 5:00 p.m. on Friday, February 8, 2008, which is the last business day prior to the first day of auction, the right of redemption will cease.

The Assessor's Identification Number (AIN) in this publication refers to the Assessor's Map Book, the Map Page, and the individual Parcel Number on the Map Page. If a change in the Assessor's Identification Number occurred, both prior and current Assessor's Identification Numbers are shown. An explanation of the parcel numbering system and the maps referred to are available from the Office of the Assessor located at 500 West Temple Street, Room 225, Los Angeles, California 90012.

NOTICE OF PETITION TO ADMINISTER ESTATE OF SUSAN N. WEBB aka SUSAN N. STREAN
Case No. BP108386

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of SUSAN N. WEBB aka SUSAN N. STREAN

A PETITION FOR PROBATE has been filed by Helen Settle in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests that Helen Settle be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on Feb. 6, 2008 at 8:30 AM in Dept. No. 9 located at 111 N. Hill St., Los Angeles, CA 90012.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in Probate Code section 9100. The time for filing claims will not expire before four months from the hearing date noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

CAN YOU TURN YOUR \$1 MILLION IRA INTO \$10 MILLION?

If you are over 70 and have accumulated more money in your IRAs and Pensions than you need to live on, Alan Kaye can show you how to create more money for your heirs and favorite charities than you ever anticipated!

At age 70½, people who have IRAs, Pensions and 401k plans are required to take minimum annual distributions that are subject to ordinary income tax. If you don't spend or give that money away, it could be subject to estate taxes as well. After income and estate taxes, those in the highest brackets could be leaving their families less than 1/3 of what they anticipated.

Why bother to make "wise" investments when it is likely that more than half of your accumulated wealth will go to the government instead of your family?

Simple Solutions!

If you have a large amount of money in your IRA, you can gift your annual distribution to your family, using that money to buy a life insurance policy that would create tax-free money for your heirs. In many cases, using the money to buy life insurance could give your heirs more than they would receive after-tax, by continuing to accumulate the funds in their retirement plans.

Assuming that your retirement plan earns a return of 5% annually, you could withdraw that amount without diminishing the principal. One client with a \$1 million IRA used his annual distribution to buy \$3 million of life insurance to benefit his family. If he doesn't spend the principal, his plan is to leave the balance of his IRA to his own charitable foundation.

Under current law, without life insurance, his \$1 million IRA would have to grow to more than \$10 million, so that after income and estate taxes, his family could get the same \$3 million that life insurance would pay tax-free. What's more, he can now leave more money to charity than he ever expected to.

Why wait for your \$1 million retirement plan to grow to \$10 million? As president of the Alan Kaye Insurance Agency and vice president of Barry Kaye Associates, Alan Kaye has helped thousands of people meet their goals by creating insurance plans that best satisfy their needs.

If you are over 70 years old and not maximizing the use of your assets, find out how life insurance can provide you with the opportunity to leave more tax-free money for both your heirs and charities. Call for a free consultation and be sure to ask when Alan Kaye's next free seminar will be held in your area.
