#### Recreation & Parks Commission modifies Plaque on Park Bench program

At the Recreation & Parks Commission meeting on April 28, Community Services Administrator Gisele Grable presented an overview of the City's modified Plaque on Park Bench donation program.

Under the amended program, the current 100-percent hold on new plaques for Beverly Gardens Park benches would be replaced with a partial hold on specific blocks targeted for upcoming renovations.

According to Director of Community Services Steve Zoet, the City is anticipating a "very large pledge" for the Foothill-Elm block for purposes of the Beverly Gardens Park restoration effort.

For plaque recognitions that are currently installed, families would be given the option of replacing the plaque for an extra charge of \$250 within the 10-year timeframe.

To date, the City has received donations for four Beverly Gardens Park benches; eight benches remain.

The money raised from the plaque sales gets funneled into a general community services account created for park renovation and equipment.

#### **Board revisits Measure E bond acceleration**

In a move that would nearly double the property tax rate, the Board of Education gave direction at their meeting Tuesday night to agendize an item for the May 26th Board agenda pertaining to the issuance of the third series of Measure E bonds in an amount not to exceed \$76 million.

The decision was made after less than ten minutes of discussion and with no mention of how the Board plans to utilize the funds.

At their April 14th meeting, the Board voted against authorizing up to \$217 million in available Measure E bond funds.

Board members Lewis Hall and Lisa Korbatov backed the bond acceleration last month; Board President Brian Goldberg, Board Vice President Howard Goldstein and Board member Noah Margo voted against the plan.

"As the construction program began to take off it was evident that the original \$334 million was never going to be enough to satisfy the needs of this district, either seismically or in creating 21st century learning environments," Margo wrote in a Facebook post Wednesday morning. "We discovered that the schedule of bond issuances would also fail to accommodate our aggressive construction schedule. That brings us to now. What are our choices?"

Measure E was approved by voters in November 2008 to finance school reconstruction

projects and seismic repairs.

"Here's what was sent by bond counsel and Keygent [Advisors] with regard to the \$76 million with 100 percent current interest bonds (CIBs), no [capital appreciation bonds], an estimated repayment ratio of 1.531:1, the tax rate in the early years would be [\$77 per \$100,000 of assessed value] and the average tax rate for the life of the bond would [\$65 per \$100,000]," Goldstein said.

The 2008 ballot statement promised that the bond would improve the safety of the district without raising taxes for property owners, ensuring a rate of \$49.71 per \$100,000 of assessed value.

The bonds may be issued in any combination of current interest, capital appreciation or convertible capital appreciation bonds (CABs).

CABs are considered by state officials to be especially risky when the bond's maturity is over 25 years and the debt ratio is greater than \$4.

When he was State Treasurer, Bill Lockyer sent a letter to school districts in 2013 asking them to put a moratorium on capital appreciation bonds (CABs) while legislation was proposed because of the risk that some critics associate with 40-year notes.

At the next Board meeting, currently scheduled for May 26, the resolution will be publicly noticed as an action item for consideration by the Board.

#### Vicki Reynolds to receive Honorary Doctorate from American Jewish University

Vicki Reynolds

Vicki Reynolds, who served three terms as Beverly Hills Mayor, will receive an Honorary Doctorate of Human Letters from the American Jewish University at

their 65th Annual Commencement ceremony this Sunday.

"I am proud and humbled by the recognition for doing those things I love and for which I have the most passion," said Reynolds in a statement. "I share this honor with my family, friends and colleagues whose help and support have been immeasurable."

A philanthropist and civic leader, Reynolds will receive the honorary degree from American Jewish University President Dr. Robert Wexler. Scope Industries Chairman and CEO Meyer Luskin and Premier Partnerships

Chairman Alan Rothenberg have sponsored Reynolds and will participate in the ceremony.

"The work that Vicki Reynolds has done on behalf of our community is nothing short of remarkable," Wexler said in a statement. "She is a wonderful role model, particularly for young women. By honoring her, we will provide our students with an example of what we hope they might achieve in their own lives."

In selecting Reynolds as a recipient, Wexler cited her outstanding work as an advocate of quality education, having served as President of the BHUSD Board of Education and as a member of the California State Board of Education. Reynolds is also a Trustee of the California State Summer School for the Arts, serves on the Luskin Board for Public Affairs at UCLA, the regional Board of the American Jewish Committee and the Board of Directors of the Wallis Annenberg Center for the Performing

Reynolds served on the Beverly Hills City Council from 1988 - 2001 and on the Board of Education from 1975 -1983.

#### Board approves four change orders with ProWest Constructors

The Board of Education unanimously approved four change orders with ProWest Constructors at their meeting Tuesday night.

Totaling around \$14,000, the change orders encompass costs associated with the construction of the new Building B classroom at Horace Mann.

The Board approved an agreement with ProWest Constructors for the develop-

ment of the new classroom in July 2014 . A Notice to Proceed was issued for August 24, 2014.

Change order No. 013, which approaches \$6,000, involves the removal of a below-grade room that was located under the sidewalk area in the southern portion of the site along Robertson Boulevard. The costs to resolve the conflicts associated with the room were greater than the costs to remove the unit altogether.

Totaling \$4,022, change order No. 012

involves adding a steel deck in the tower structure.

Change order No. 010 will replace all Exterior Insulation and Finish Systems (EIFS) with conventional cement plaster. This change order was a result of Keenan & Associate, an insurance consulting and brokerage firm, advising the district that they could not include the EIFS in the construction insurance program.

### Planning Commission votes against residential development expansion

Following a lengthy discussion at their April 23rd meeting, the Planning Commission unanimously denied a request for a zone text amendment and an R-4 Permit for the multi-family residential development located at 310 North Crescent Drive.

The municipal code currently does not permit additions to multi-family residential buildings that would extend a legally non-conforming height, leading project applicants Murray Fischer and former Mayor Steve Webb to request a zone text amendment.

If approved, the requested resolutions would have expanded the 31-unit residential building by two penthouse apartments.

"I think the whole approach sends the wrong message: it says, with all due respect, if you hire an experienced, well-respected lawyer to craft a special rule for you, you can get what you want, even if the law doesn't and never has allowed for it," said Commissioner Craig Corman.

According to Corman, the project would allow new square footage to be built above the height restriction, which has never been approved within the City.

"I am forced to correct Mr. Corman's comment on added height," Webb said. "When I was on the Planning Commission, or even the [City] Council, [they] went through the whole process of turning down the supermarket. The proposal was made on Crescent [Drive] to build an apartment house above height five stories. We specifically granted added height to add more apartment units. That was a policy decision that the Planning Commission and the Council made. So there is precedence, Mr. Corman."

Vice Chair Alan Robert Block, who later voted against the venture, said he did not

310 North Crescent Drive

identify any adverse affects associated with the project.

Approval of the zone text amendment would have created a provision to allow a reviewing authority to issue an R-4 Permit, which would have extended the legally non-conforming height through the addition of the two penthouse units.

approved a not-to-exceed amount of \$80,000 for the repair and replacement of the existing waterproofing on the Amir Development Property damaged during the excavation process.

The final cost equals \$85,105, which exceeds the amount that was initially approved.

ProWest Constructors has provided all the necessary back-up for the costs involved with each of the change orders.

# COVERSTORY SPRING AWAKENING

### David Kurs on empowering deaf actors in the Wallis Annenberg Center's upcoming production

By Mina Riazi

David Kurs

#### What initially drew you to *Spring Awakening?*

[Director] Michael Arden and Andy Mientus brought the idea to us. I was initially hesitant, because I felt that it was too soon after the Broadway and touring productions. But after taking a look at the script, I realized that we should strike while the iron was hot. Michael's vision for the production was so refreshing and so different and I couldn't help but jump in.

The story brings to light common experiences within our community- gaps in communication, the fraught relationship between deaf children and their hearing parents, and teenagers navigating a world without strong guidance. Deaf people often think they're alone as they undergo the experience of growing up in a world that is not their own, and when they see this work they will realize that these experiences are universal.

Deaf West's production of *Spring Awakening* enjoyed a sold-out run at downtown L.A.'s Rosenthal Theatre last fall. How will the production differ under your collaboration with the

#### Wallis?

As you know, the original production was performed in a 99-seat theatre with significant space and budgetary constraints. With this run at the Wallis, we are bringing the show closer to the original vision, including new design and projection elements. We are also honored to welcome seven new additions to the cast, including veterans of the Broadway and touring productions, into the Deaf West family.

And over the past couple of weeks of rehearsal it's become obvious that this show is turning into such a different beast compared to the original show. It's very gratifying to see how Michael Arden, the director, and the creative team have elevated all of the elements that worked so well in the previous production.

#### What are some of the challenges facing deaf actors?

Deaf West Theatre strives to be an artistic home to deaf actors everywhere. We believe that we can lead by example— for instance, here we are bringing two languages and cultures into the same room. This is a wonderful process in where everyone learns and

the screen. We have an overabundance of talent and I wish there were more opportunities for deaf actors to ply their craft. I am personally gratified by all

While theater has been more welcom-

of the casting directors and creatives who saw the show in its original incarnation, because I know it will open the door for a deaf actor down the road.

In a Los Angeles Times review of Spring Awakening, F. Kathleen Foley wrote, "The signing in this production does more than simply translate; it ennobles." How do you think the

signing in this production achieves this?

American Sign Language is our language. It is also the language that I grew up with. And as Kathleen said, ASL does more than mirror the dialogue: it is an art form upon itself. Through this medium of expression, we understand even more the themes of Steven Sater and Duncan Sheik's brilliant work. Here, ASL functions like dance in that it reinforces the theatrical work.

A colleague has remarked that it's harder

What message do you hope Deaf West's production of Spring Awakening sends to aspiring deaf actors?

I shy away from "We can do it!" narratives. Our production of Spring Awakening

isn't strong medicine: it didn't succeed in spite of the addition of deaf actors. It succeeded because the addition of ASL and deaf culture enabled a theatrical interpretation that enhanced and heightened the existing work.

As I mentioned previously, I like to think that we lead by example. There needs to be creative artistic involvement by deaf individuals at all levels in order for a deaf artist to succeed within any framework. And I hope that our community will be given more of those opportunities in the future so that deaf actors can ply their craft without being hindered by cultural or linguistic limitations.

Spring Awakening will be performed simultaneously in American Sign Language and spoken English by a cast of 27. The production will run from May 29 to June 7 at the Wallis' Bram Goldsmith Theater. Tickets range from \$19 to \$99 and are available at www.thewallis.org or by calling 310-746-4000 or in person at The Wallis Ticket Services located at 9390 N. The quarterfinals are scheduled for Monday, the semifinals Wednesday and the finals May 22 at The Claremont Club.

Ordinance No. 15-O-2676
AN ORDINANCE OF THE CITY OF BEVERLY
HILLS AMENDING THE BEVERLY HILLS
MUNICIPAL CODE TO EXPAND THE IN-LIEU
PARKING PROGRAM

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1. On February 12, 2015, the Planning Commission held a duly noticed public hearing after which it adopted Resolution No. 1742, recommending that the City Council amend portions of Title 10 (Planning and Zoning) of the Beverly Hills Municipal Code to expand the in-lieu parking program by creating new in lieu parking district areas (collectively, the "Amendments"). On April 21, 2015, the City Council held a duly noticed public hearing, received public testimony, and thereafter introduced this Ordinance.

Section 2. This Ordinance and the Amendments were assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City Council finds that adoption of the Amendments will not have a significant environmental impact and is exempt from CEQA pursuant to Section 15305 of Title 14 of the California Code of Regulations because the Amendments represent minor alterations in land use limitations and do not result in any changes in land use or density. Further, the new in lieu parking district areas have average slopes of not more than 20%.

Section 3. The Amendments are consistent with the objectives, principles, and standards of the General Plan. General Plan Policy "LU 9.2 – Mitigation of Existing Commercial Residential Conflicts" calls for the development of consolidated parking facilities to serve commercial areas deficient in parking, or commercial areas which have no alley access to the rear and would require numerous curb cuts if parking were provided on individual parcels. The expansion of the in lieu parking program would contribute funds for the creation of consolidated parking fa-

cilities and would reduce the number of curb cuts along several commercial corridors in the city. Additionally, General Plan Policy LU 11.4 "Parking in Pedestrian-Oriented Districts" calls for minimizing driveways in pedestrian oriented commercial districts to avoid interruptions in the continuity of the pedestrian shopping experience.

Section 4. The City Council hereby amends Section 10-3-3301 of Article 33 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows with all other provisions in Article 33 of Chapter 3 of Title 10 remaining in effect without amendment:

"10-3-3301: IN LIEU PARKING DISTRICTS:

- A. This article establishes in lieu parking districts that include any commercially zoned property located in the following areas:
- The area bounded by the centerlines of the following streets: Wilshire Boulevard, Santa Monica Boulevard north roadway, and Crescent Drive,
   The area consisting of the properties that
- The area consisting of the properties that front on, or have a street side lot line adjacent to South Robertson Boulevard north of Whitworth Drive and south of Wilshire Boulevard,
- The area consisting of the properties that front on South Santa Monica Boulevard west of Wilshire Boulevard and east of Moreno Drive,
- B. Those properties which are zoned for commercial use and which comply with all the requirements of this article may participate in the respective in lieu parking district and be permitted to satisfy all or part of the requirements for parking spaces by the payment to the city of an in lieu fee. The Multiple-Family Residential-Commercial Parking Zone (RMCP) shall be considered commercially zoned for the purposes of this Section."

Section 5. Severability. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 6. Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance, and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

<u>Section 7.</u> <u>Effective Date.</u> This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.
