Ordaz sues over ballot statement on Hilton **Initiative**

Beverly Hills resident Alma Ordaz has filed suit against the Beverly Hills Garden and Open Space Initiative in response to arguments written in favor of the initiative that will appear on the ballot set to be finalized and mailed to the City's voters on August 30.

Ordaz is alleging the Beverly Hills North Homeowners Association endorsement of the initiative is invalid because officers Louis Lipofsky and Victor Bardack, who are in opposition of the initiative, were absent for the vote deciding to support the measure.

Ordaz filed for a writ of mandate, sponsored by Wanda Beverly Hills Properties, LLC and Athens BH, LLC with major funding from Lakeshore East Parcel P, LLC against the authors of the ballot arguments in favor of the Hilton Condominium Tower Initiative.

"We believe the writ petition speaks for itself. [A] valid argument cannot be false or misleading," said attorney Brad Hertz. "Our client [Alma Ordaz] believes Beverly Hills residents should have the facts about what is and is not in the initiative."

According to the petition, Lipofsky and Bardack published a letter to the editor in the Beverly Hills Courier on July 8 stating their personal views do not align with the views of Association President Robert K. Tanenbaum, who supports the initiative. The petition goes on to allege the Association's endorsement should not be deemed credible because it is "currently inactive and has been suspended by the California Secretary of State.'

Tanenbaum supports the initiative because he claims there is little impact or change in use and the daily construction will be closely monitored, according to the July 8 column in the Courier written by the former mayor.

"We'll fight vigorously in court to defend our ballot," said Hilton spokesperson Marie Garvey. "The North Homeowners Association took a vote and endorsed the project. That is normal procedure. We believe the lawsuit doesn't have any merit."

The petition calls for the authors to remove the false and/or misleading language in favor of the Initiative prior to the printing of the ballot pamphlet.

NOTICE OF PUBLIC HEARING AND NOTICE OF AVAILABILITY OF DRAFT ENVIRONMENTAL IMPACT REPORT

HEARING DATE: Thursday, September 8, 2016

TIME: 1:30 p.m., or as soon thereafter as the matter may be heard

LOCATION: Commission Meeting Room 280A - Beverly Hills City Hall, 2nd Floor

455 North Rexford Drive, Beverly Hills, CA 90210

PROJECT: 9908 South Santa Monica Boulevard Condominium Project

The City of Beverly Hills has prepared a Draft Environmental Impact Report (Draft EIR) for a proposed condominium project located at 9908 South Santa Monica Boulevard as more fully described below. The Planning Commission will hold a public hearing to review the Draft EIR on September 8, 2016 at 1:30 p.m, or as soon thereafter as the matter may be heard. The purpose of this meeting is to review the content and adequacy of the Draft EIR. The merits of the project will not be discussed at this meeting, and no decisions will be made with regard to the Planning Commission's recommendation regarding project approval or denial. At a future date, a separate, noticed public hearing will be held by the Planning Commission to review the merits of the proposed project and develop a recommendation to the City Council regarding the project.

Project Location: The property is located in the City of Beverly Hills, at the southwest corner of the intersection of Charleville Boulevard and South Santa Monica Boulevard. The 36,002 square foot site consists of five parcels that are currently vacant and being used as a parking lot. The address for the project site is 9900-9916 South Santa Monica Boulevard, and the Assessor's Parcel Numbers are 4328-002-010, -011, -012, -013, and -034.

Project Description: The Proposed Project would involve the construction of a new 27-unit luxury condominium building with units ranging from one to four bedrooms. The Project would include approximately 89,988 square feet of floor area and would be five stories, including four full stories of residential units plus a setback fifth penthouse level. The Project would also include one level of underground parking containing a gym, bike storage, and a total of 74 parking spaces for residents and guests. Parking would include 3 accessible spaces, 43 standard single spaces, 11 tandem spaces, and 17 stacker spaces. The perimeter of the Project site would include landscaping along the 10-foot setbacks. Rooftop areas of the Project would include one common pool and an amenity garden on the roof of the fifth floor as well as private terrace space and two private pools on the penthouse level. The Project would be 66 feet in height and would have a floor area ratio (FAR) of approximately 2.5:1. The project site is currently zoned C-3 for general commercial uses, and the proposed use of the site for a multi-family residential condominium requires a Zone Text Amendment.

Environmental Review: In accordance with the California Environmental Quality Act (CEQA), the City of Beverly Hills has prepared a Draft EIR to analyze potential environmental impacts associated with development of the project. Specifically, the Draft EIR analyzes the following potentially significant environmental effects of the project:

- Aesthetics
- Greenhouse Gas Emissions
- Land Use and Planning
- Transportation and Circulation
- Air Quality
- · Hazards and Hazardous Materials
- Noise
- Mandatory Findings of Significance

Based on the studies in the Draft EIR, with mitigation, no significant environmental effects are anticipated as a result of the project.

The project site does not appear on the Hazardous Waste and Substances site "Cortese" list.

Public Review and Comment on Draft EIR: The Draft EIR is being circulated for the required 45-day public review period, from August 19, 2016 to October 3, 2016. Written comments must be submitted during the comment period, and should be addressed to:

Krasne critiqued the city's current approach, which involves forming an adhoc committee comprised of two councilmembers.

"I never want to see our Council in there negotiating—not me, not anyone," Krasne said.

But Councilmember Julian Gold did not appear entirely convinced of the benefits of involving a consultant.

"I see it adding a separate step and potentially some significant expense," Gold said.

Councilmember Lili Bosse said the costs are "part of doing the deal." Developers would foot the bill.

The city last approved major develop-

ment agreements in 2008: the Beverly Hilton Specific Plan and the 9900 Wilshire Specific Plan.

Development agreements are contracts negotiated between project developers and public agencies. Generally, they vest the developer's rights to develop in accordance with project approvals and existing laws, in exchange for community benefits provided to the public agency.

Results of a survey conducted by city staff of five neighboring municipalities, including West Hollywood and Santa Monica, revealed the cities lack a consistent approach when negotiating the community benefit aspect of the agreement.

"I don't have a problem, really, with the ad hoc, as long as they're not directing the negotiator what to do," Krasne said.

The change is expected to impact the timeline for One Beverly Hills, the luxury development proposed for the former Robinsons-May Site.

Bond measure ballot placement to cost BHUSD roughly \$25K

The BHUSD will be charged around \$25,000 to place a new bond measure on the November 8th ballot, according to the Los Angeles County Registrar-Recorder/ County Clerk office.

Earlier this month, Board of Education members Howard Goldstein, Lisa Korbatov and Noah Margo authorized the \$270-mllion bond resolution. Board members Isabel Hacker and Mel Spitz opposed it.

"It should be obvious to even the most avid supporters of a bond measure in 2016

timing for placing a bond measure on this November ballot and conducting an effective campaign is simply not practical," Spitz said.

Hacker said the district is not ready. Results of a survey conducted by Godbe Research in May indicate the public is not either.

When respondents were read arguments against the bond, 37.1 percent said they were "much more likely" to vote against it based on the statement: "The district wasted the money from the 2008 Measure E campaign."

Backed by only three "yes" votes, the new measure will need 66.7-percent voter approval to pass.

Metro briefs Architectural Commission on Purple Line Extension Project

Two representatives from Metropolitan

County Transportation Authority presented on the systemwide design applying to the Purple Line Extension Project and the station at La Cienega Boulevard at the Architectural Commission meeting last week.

"What we've discovered over the years when the system was much smaller, we had a lot of individual designed stations," said Metro Director of Systemwide Planning and Urban Designer Adam Light. "Those materials have become increasingly difficult to maintain and keep in good condition over a long period of time."

The system wide station design was developed by Johnson Fain architects, with the goal being to raise the bar on Metro architecture by creating a brand passengers can easily identify and using high quality, durable materials Metro can maintain.

"The idea with the systemwide planning is we keep a consistent recognizable architecture that's at a high quality and uses really good materials," Light said. "It's modular in a sense that Metro can easily keep pieces and replacement parts."

Light also presented a contemporary materials palette, explaining that glass, stainless steel and concrete will be used to create light-feeling structures that will improve the overall perception of the station and transit experience.

Metro's art program aims to enhance the customer experience, while also pro-

"Folks really wanted to have an immersive experience where it wasn't just artwork placed here and plopped there," said Creative Services Manager for the Metro Park Program Susan Gray. "It was really this comprehensive approach so we've actually employed artwork on the intermediate landing walls and on the concourses where we have almost 7.000 square feet of artwork in those areas in addition to what we have on the plaza."

Currently, artists have not yet been selected for the Extension Project. In early 2014, Metro received over 1,200 applicants nationwide, and a curatorial advisory committee was ultimately able to narrow down the pool to 300 artists. An art panel, with community stakeholders serving on the panel, will review the prequalified pool to help determine which artists will receive commissions.

Two outreach meetings occurred on Aug. 22, one in the morning focused on business at the Chamber of Commerce and the second was hosted for local residents at La Cienega Park at 6:00 p.m.

Recreation and Parks Commission leads public conversation about park on **Foothill**

The Recreation and Parks Commission discussed the idea of creating a five acre "people park" at the property on Foothill Drive at Third Street during last Tuesday's meeting.

In early February, the Council was presented with a private development proposal for the location, spearheaded by Tyler Siegal of Townscape. At that time, the Council called for large scale public

The proposal resurfaced on the study session staff report a few weeks ago, but the Council outwardly opposed the threephase public process proposed by MIG Consultants explaining that further public

She asked to expedite a liaison meeting between the Council and the Commission.

Board tables contract with Libow to sell "superintendent house"

At Tuesday's meeting, the Board of Education tabled the professional services agreement with Coldwell Banker realtor Michael Libow to sell the district-owned residence located at 220 North Doheny Drive from the agenda.

Colloquially known as the "superintendent house," the Doheny Drive property has been vacant for almost two years since former Superintendent Gary Woods

moved out.

Late last year, the district learned it did not have the state's permission to lease the property, and the Board directed Kessler to remove the listing. The residence had been listed for \$7,500/month.

Last December, Libow, who originally had the listing, said he believes the superintendent house will sell for around \$2.3 million. The district paid \$1.5 million for the home in 2012 and costs the district approximately \$138,361 annually, according to a previous staff report.

Why we need to prioritize mental health in California

By Sebastian Ridley-Thomas

"When policy-makers say that someone has fallen through the cracks, we attempt to explain a situation as something that we cannot control. As an elected representative, it is my responsibility to identify those cracks, and propose responsible solutions to repair those cracks and ensure that they do not splinter again.

A good start in life begins with a solid education. In California and across the nation, many students show up to school facing difficulties not of their own doing. Parents, for better or worse, drop their kids off at school and it becomes the school's responsibility to address those difficulties. These problems can stem from household problems, neighborhood factors, or school-site issues. And we know that mental health is one of the major problems that hamper---s--- learning. In fact, the UCLA Center for Health Policy Research reports that in California three out of four children with mental health treatment do not receive treatment despite having health insurance.

Los Angeles Unified School District has taken steps to help address this with their almost two dozen School Mental Health Facilities and direct services provided by 300 professionals. Proposition 63, the Mental Health Services Act, has provided funding for school site Wellness Centers and Clinics. As Chair of the Assembly Select Committee on Mental and Behavior Health and Proposition 63 Implementation, I am pleased to see a new budget allocation this year for the creation of a statewide Office of School Based Health Centers. These facilities are a strong example of the kind of work that can be done when government declares a priority and takes

steps to address an issue.

Mental health dovetails into another crisis in California The issue of homelessness is closely linked to mental illness. Officials estimate that 30-40% of the homeless in California are suffering from mental illness. The population of California represents 12% of the nation's population, but we are home to 20% of the nation's homeless individuals. Since we began deinstitutionalization in California, we have left some of our most vulnerable loved ones without the care that they need. The burden is then on family members who in most cases do not have the necessary resources to care for their relative in distress.

We have a significant moral obligation to care for the mentally ill and there are pressing policy challenges facing lawmakers. In 2014, a terrible incident occurred in the 54th District that I have the privilege to represent in the State Assembly. A mentally ill individual wandered onto a highway, and a California Highway Patrol officer used questionable tactics to restrain her. The incident gained national attention, with the conversation being mostly about law enforcement conduct.

Poor policy decisions have forced the responsibility of caring for those suffering from mental illness onto law enforcement and emergency rooms. Law enforcement agencies have begun creating mental health response units, sending dedicated mental health professionals alongside responding officers to individuals in distress. If we are to prevent homelessness from continuing to rise across California we must provide the resources for the behavioral interventions and therapies that will help provide pathways to heal-

which seeks to require greater access to care for those on psychiatric holds. ---THE--- California Legislature enacted and the Governor signed the Lanterman-Petris-Short Act (LPS) some 49 years ago. LPS was intended to end inappropriate and involuntary commitment to mental institutions while safeguarding individual rights. LPS requires individuals having a mental health crisis to be taken to a designated hospital that is equipped to properly diagnose and treat. Since 1995, California's number of designated facilities has dropped from 181 to 138 while the number of designated psychiatric beds has dropped by 2,673. The state's population has grown by 20% in this time, leading to excessive overcrowding of the state's psychiatric

AB 1300 would require all emergency rooms to accept patients on psychiatric holds. This would allow emergency room caregivers to expedite treatment and work more closely with the psychiatric care system. AB 1300 makes it possible for ER physicians to significantly impact community-based health care while still providing the best possible service for those in distress.

Legislative changes in the area of mental health are not easy. They are expensive and require building broad coalitions. Mental health champion, ----former Senate President pro-Tempore and Sacramento Mayor-Elect Darrell Steinberg's work in the ----Legislature made significant strides to end stigma

in mental health policy. His Mental Health Services Act has worked to provide mental health care to millions of Californians and reduced the number of arrests and hospitalizations for those suffering from mental illness. It is in this tradition that we continue to push for dedicated homeless services revenue in California as well as reforming, modernizing---,--- and improving our mental health delivery system. One such improvement is AB 1300.

The time to act is now. We risk stunting the growth of California's economy if we continue to neglect mental health services and place an undue burden on law enforcement, educators---,--- and emergency rooms. Let us hope that #BetterMentalHealth becomes a priority in California through agile policy, collaborative partnerships and strategic investment."

BHHS to open football season Friday night

Beverly High is scheduled to open its 90th football season Friday night by playing at Oak Park with Steve Geanakos making his debut as the Normans coach. The opening kickoff is set for 7 p.m.

Geanakos succeeds Charlie Stansbury, who resigned after three seasons because his wife got a job with San Luis Obispo County's government.

Geanakos coached the team's running backs, linebackers, and special teams last season when it was 1-9 for the second consecutive season and failed to win more than two games for the fifth consecutive

The Normans have lost five consecutive season openers and eight of their last nine, including a 40-6 loss to Oak Park last season.

The high school football website calpreps.com projects a 2-8 record for Beverly Hills. It correctly projected the team's 1-9 record in 2015.

The Eagles also have a different coach from last season. Casey Webb replaced Tim Kenney, who resigned after two seasons to accept teaching and coaching positions at Rocklin High School in the Sacramento area.

ONE BEVERLY HILLS APPEARS AT PLANNING COMMISSION

Commissioners ask Wanda Group to return on Sept. 19 for more deliberation

several months of planning, property developer Wanda Group presented the proposed plans for One Beverly Hills to the Planning Commission during last Tuesday's meet-

Prior to Tuesday's meeting, the development proposed for 9900 Wilshire was approved in 2008 for 235 residential units and over 15,000 square feet of commercial building. The group has modified the original plan to convert excess condo and retail space into a 134 room luxury hotel.

"I have a hard time with the 15 percent reduction in parking," said Commissioner Alan Robert Block. "Particularly I, in light of the fact that the approved project had 188 bonus parking think that those bonus parking spaces should remain intact."

"In 2008, it was understood that nothing would be approved that would undermine the value and contribution of the Beverly Hilton to the City of Beverly Hills," Kahan said. "And so it should remain."

A letter written to the Commissioners on behalf of the Hotel Partnership noted that 42 residential units will be removed to build the luxury hotel, stating "in any other situation there is no question a new EIR would be required."

A handful of residents expressed concerns in writing with the proposed changes to the development. Lois Hirt

wrote to the Commission to oppose the introduction of the hotel because she believes tourists will disregard the current state of California's drought and will not be mindful of how much water they use at the hotel. She was weary of the area becoming a "hotel row" and causing an increase in traffic.

The Wanda Group emphasized the merits of the project before the Commission. Athens Group COO Jay Newman was proud to be presenting before the commission after working with the city staff for over a year.

Based on community feedback, the Wanda developers felt "the public's enjoyment of the property will be greatly enhanced by adding the hotel" because of the additional amenities like outdoor gardens and food and beverage

"The incredible amount of work [city staff] has put into this, and through their efforts and also feedback we've received from the community, the project has vastly improved," Newman said. "And I think through what is a very transparent process, there is a wealth of information that we sincerely believe answers all the questions that may exist."

The Commission agreed to hold a follow up meeting centered on traffic and parking issues on Sept. 19.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been post-poned, and, if applicable, the rescheduled time and date for the sale of this property, you may call (888) 988-6736 or visit this Internet Web site: salestrack. tdsf.com, using the file number assigned to this case L548797 L. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee and the successful bidder shall have no further recourse. If the sale is set aside for any reason, the Purchaser at the sale shall be entitled only to a return of the monies paid. The Purchaser shall have no further recourse against the Mortgagor, the Mortgagee or the Mortgagee's attorney. Date: August 18, T.D. A PETITION FOR PROBATE has been filed by Ian Farrington in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests that Ian Farrington be appointed as personal representative to administer the estate of the dece-

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an inter-ested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on Sept. 19, 2016 at 8:30 AM in Dept. No. 67 located at 111 N. Hill St., Los Angeles, CA 90012.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contin-

gent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the Califor-nia Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250 A Request for Special Notice form is avail-able from the court clerk

Hotel rooms generate the best kind of revenue for the City Hotel taxes paid by guests stay in Beverly Hills and cannot be taken by the State.

Since 1991, only 201 new hotel rooms have been built in Beverly Hills. The new Waldorf-Astoria replaces the same number of rooms being eliminated by the Beverly Hilton.

CBRE Hotels, the preferred hospitality consulting company for all Beverly Hills luxury hotels, analyzed the Beverly Hills hotel market. The 2016 CBRE Hotel Market Analysis concluded: One Beverly Hills "will not impact the Beverly Hills Luxury hotel market" as there is "significant unsatisfied demand."

The CBRE study also determined that the 134-room boutique luxury hotel at One Beverly Hills will generate at least \$8.7 million a year in new revenue to the City at hotel stabilization.²

One Beverly Hills will help satisfy this pent-up hotel demand and will generate vital new revenue for our City.

This new revenue will support our vital city services including Police, Fire and Paramedics.
