BHFD Assists in Mandeville Canyon Brush Fire

On Sunday afternoon, Beverly Hills Firefighters assisted the Los Angeles Fire Department with a large brush fire in Mandeville Canyon.

Investigators said the Brentwood fire was incited by a gas-driven weed whacker and spread approximately 55 acres. It called for over 150 firefighters, many of which responded through the Master Mutual Aid Plan—a statewide program that requires participating parties to lend resources and facilities to other parties of the agreement in order to prevent disasters.

“When we have a large fire that overwhelms our resources, we have the ability to call [other parties] in to assist us, and it’s reciprocal back towards them as well,” said Beverly Hills Deputy Fire Chief Greg Barton.

BHFD left at around 3:00 p.m. and returned just before midnight. Containment had reached 98 percent by Tuesday afternoon.

Richards Confident Lago Vista’s Appeal Will Be Unsuccessful

After the Planning Commission voted unanimously for the denial of a Lago Vista developer’s Hillside R-1 permit earlier this month, the applicant has decided to appeal.

The resolution comes after applicant Robert H. Shapiro of Woodbridge Investments filed a request to construct a 10,228 square foot single-family home. Initially filed on October 7, 2016, the request was denied on April 19 by a unanimous vote.

While the Planning Commission did rule that the length of time and noise the project required would have an adverse effect on the neighboring community, that’s not solely why the request was denied.

The event celebrates 30 years of services for the Los Angeles arts community and recognizes leaders who have inspired participation and support for California arts.

“The burden of proof is not on the commission to find substantial evidence of a substantial adverse impact. The question is whether we’re persuaded there isn’t a substantial impact,” said Planning Commissioner Craig Corman. “We couldn’t

make the find that there was no substantial adverse impact.”

The Lago Vista’s appeal will now be heard by the City Council in June.

Attorney Ronald Richards, who is a resident of Lago Vista Drive and has been active in the opposition of the project, maintains faith that the appeal will fail.

Over 100 residents signed a petition against the project.

“The council, unless they don’t want to run for re-election, would have a very hard time supporting a project where there was not a single resident in favor of it,” he said.

Richards added that the appeal is particularly doomed as the council it will

face is the same one that recently passed a Hillside ordinance to prevent overdevelopment on fourteen streets, including Lago Vista.

“I think the appeal is simply in design to further infuriate and galvanize Beverly Hills residents against this out-of-state carpet bagger,” Richards said.

Developer’s attorney Benjamin Reznik believes that the City Council made an erroneous decision by not utilizing proper review standards when evaluating the application.

“The issue of whether this house can have a basement or not is not part of this application, and that’s what they were looking at. The issue of the size of the home is not part of the application, and that’s what they were looking at,” said Reznik. “Those are errors committed and we’re asking the City Council to properly evaluate this application based on the criteria set forth in the ordinance. That’s all.”

Mirisch Seeks to Change Metro Board Representation

Councilmember John Mirisch is working with State Senator Tony Mendoza (D-Artesia) to pass a bill in the legislature that would change representation on the Metropolitan Transit Authority (MTA) board.

The bill would reallocate how MTA board seats are allotted. Currently, the 87 cities outside the city of Los Angeles have four members, even though they represent 52 percent of the county’s total population. This means that 87 cities are underrepresented by 57.8 percent compared with the City of Los Angeles.

Mirisch asserts that the current distribution is unfair, and has resulted in disproportionate allocations of services. One of the examples Mirisch cites is the Metro Board of Directors, which he says often acts “unresponsively and arrogantly towards the very cities it’s supposed to serve.”

The SB 268 bill would redistribute the seats by “one person, one vote”. It proposes a 15-member Board so as to allow 7 mem-

bers for the 87 cities, or 47 percent of the seats; the City of Los Angeles would get 6 members, or 40 percent of the seats; and the Board of Supervisors would get 2 members, or 13 percent of the seats.

It also would require one of the Supervisors to represent the largest population in the unincorporated area of LA County.

The current Board consists of 13 members, nine of which are from Los Angeles (with 3.8 million residents), and four of which are from the other 87 cities (with 5.2 million residents).

“It is a significant move in the right direction,” said Mirisch, “as it not only would mark an important shift towards proportional representation, it would also end institutionalized bloc voting, a major obstacle to fair consensus building.”

Mirisch is working with Mendoza, who has held regular meetings with stakeholders and representatives from MTA and the City of Los Angeles.

Heritage Trees on Crescent Drive to be Removed

The Planning Commission has approved a request for a Tree Removal Permit to remove 10 heritage trees at 702 North Crescent Drive.

The project request—which was first submitted by property owner Ilan Asher in June 2016—will permit the razing of 21 trees in total. The removals are required to replace the current 4,133 square foot single family residence with an 8,200 square foot single family residence.

Because the city has established a tree protection ordinance, three different categories of trees must undergo evaluation by the Planning Commission before they are removed: heritage trees (those with a circumference of 48 inches or more and located in the front or street side setback); native trees (those on the City’s official list of local native trees with a circumference of 24 inches or more and located in the front

or street side setback); and urban groves (a group of 50 or more trees located anywhere on a single family property).

The trees in question consist of five Canary Pines, three Deodar Cedars, and two Black Acacias. Although they are not on the City's list of native trees, the trees are located in a front yard with circumferences

702 North Crescent Drive

over 48", and are therefore considered heritage trees protected by the City.

In reviewing Asher's request for a Tree Removal Permit, the Planning Commission could not make the findings that the project would adversely affect the neighboring properties and surrounding area, or that it would adversely affect the garden quality of the city.

In fact the Planning Commission found that not only would the trees fall under considerable stress if they were to be retained during the demolition process, they have also competed for light and space with adjacent city streets and resulted in imbalanced canopy growth in the street trees.

As for maintaining the garden quality of the city, the Planning Commission considered the provisions set forth in the California Environmental Quality Act and, and chose to employ a Categorical Exemption for this project.

In a letter, Landscape Designer David Miertschin proposes the planting of 38 new trees to mitigate and justify the removals.

"While these new trees will not have the size and effect of a mature tree in the short term, they will be lush and vigorous with all the promise of growing quickly, improving the appearance of this special corner for many

years to come," the letter reads.

Lisa Smith, the arborist on the project, did not return a call for comment.

Landscape Structures to Help Rebuild Coldwater Canyon Park Playground

Last week, the Recreation and Parks

Commission chose vendor Landscape Structures to provide playground equipment for the rebuilding of Coldwater Canyon Park.

NOTICE OF PUBLIC HEARING

DATE: June 8, 2017
TIME: 1:30 PM, or as soon thereafter as the matter may be heard
MEETING LOCATION: Commission Meeting Room 280A, Beverly Hills City Hall 455 North Rexford Drive, Beverly Hills, CA 90210
PROJECT ADDRESS: 9200 Wilshire Boulevard

The Planning Commission of the City of Beverly Hills, at its REGULAR meeting on Thursday, June 8, 2017, will hold a public hearing beginning at **1:30 PM**, or as soon thereafter as the matter may be heard to consider the following:

Planned Development Permit. A Planned Development Permit was approved in September 2007 to allow a mixed-use project in the M-PD-4 Mixed Use Planned Development Overlay Zone containing a minimum of 14,000 square feet of commercial space and no more than 54 multi-family units. (Approved Project). The applicant proposes to modify the project by reducing the commercial space to 5,696 square feet, increasing the multi-family residential component to 90 units, shifting the areas of building modulation, and changing project access and circulation (Modified Project). Thus, an amended Planned Development Permit is required for the Modified Project. The Modified Project does not include any changes to the maximum height or floor area ratio that were previously approved.

Vesting Tentative Tract Map. The Approved Project included a Vesting Tentative Tract Map to subdivide the subject property and associated airspace to allow for up to 54 condominium units. The Modified Project includes up to 90 condominium units. Thus, an amended Vesting Tentative Tract Map is required for the Modified Project.

The subject project has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City has prepared an Addendum to an Environmental Impact Report (EIR) for changes to the previously Approved Project, for which the City certified a Final EIR in 2007. This Addendum serves as the CEQA documentation for the proposed Modified Project. According to Section 15164 of the State CEQA Guidelines, an addendum to a previously certified EIR or Negative Declaration is the appropriate environmental document in instances when "only minor technical changes or additions are necessary" and when the changes or additions do not involve significant effects not discussed in the previous EIR or significant effects that are substantially more severe than those previously examined in the previous EIR. The Addendum prepared for the Modified Project contains an environmental impact analysis that compares the impacts of the Modified Project to those of the Approved Project as identified in the 2007 FEIR. This analysis indicates that the Modified Project would not result in any new significant environmental impacts or any substantial increase in the severity of previously identified significant environmental impacts as compared to the Approved Project. Consequently, the Planning Commission will consider the prepared Addendum as the appropriate environmental document for the Modified Project under CEQA.

Any interested person may attend the meeting and be heard or present written comments to the Commission. Please note that any comments received will become part of the public record. According to Government Code Section 65009, if you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Andre Sahakian, AICP, Senior Planner** in the Planning Division at (310) 285-1127, or by email at asahakian@beverlyhills.org. Copies of the applications, plans, and CEQA documentation are on file in the Community Development Department, and can be reviewed by any interested person at 455 North Rexford Drive, Beverly Hills, CA 90210.

Sincerely,
Andre Sahakian, AICP, Senior Planner

NOTICE OF PUBLIC HEARING

The Beverly Hills City Council, at its regular meeting to be held on **Tuesday, June 13, 2017, at 7:00 p.m.**, in the City Hall Council Chamber, 455 N. Rexford Drive, Beverly Hills, CA, will hold a public hearing to consider adoption of:

A RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS APPROVING A MEMORANDUM OF UNDERSTANDING FOR THE FORMATION OF THE SANTA MONICA BASIN GROUNDWATER SUSTAINABILITY AGENCY

The proposed resolution would establish a Memorandum of Understanding (MOU) with Santa Monica, the Los Angeles Department of Water & Power (LADWP), Culver City, and Los Angeles County to form a Groundwater Sustainability Agency (GSA) for the Santa Monica Basin under the 2014 Sustainable Groundwater Management Act (SGMA). This legislative act empowers local agencies to adopt groundwater management plans tailored to the resources and needs of their communities. State legislation requires a formal public hearing to receive any public comment on the formation of a GSA via MOU approval.

Copies of the proposed resolution are available for review in the City Clerk's office, Room 290, 455 N. Rexford Drive, Beverly Hills. These documents can also be found on the City's website at www.beverlyhills.org/groundwater. Any interested person may attend the meeting and speak. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA, 90210. The comments should be received prior to the hearing date. If you need more information, please contact **Caitlin Sims** at (310) 285-2499.

Please note that if you challenge the Council's action in regard to this matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

BYRON POPE, MMC
City Clerk

The decision comes after the Commission members took a shuttle tour to view a playground in Studio City designed by Landscape Structures.

Recreation Services Manager Teri Angel says that Landscape Structures will bring a different, unique aspect the area hasn't seen before, calling their playground schematic design "whimsical" and "woody."

But why change the park?

"The current playground has just reached the end of its lifespan," said Angel.

The project—which will essentially see a reinstallation of all new playground equipment at the park—has been in the works since last fall. Community members were invited to attend a regularly scheduled Recreation and Parks meeting to share their vision for a new play space.

Many requested changes like more shade and less sand.

Now that the vendor is chosen, the \$600,000 renovation process will begin after the park's busy summer season ends—either in late 2017 or early 2018.

MUNDELL SAYS FAREWELL

What's next for the Beverly Hills Fire Department?

By Olivia Anderson

You're retiring this year. How does it feel?

It feels different. It feels a little strange. When you come to the same place for 31 years and now you see that you're not going to be going there every day, or I see that I'm not going to be going there every day, there is, I think, going to be an adjustment to it.

What kind of adjustment?

Well, I get up at 4:30 in the morning now to go to work, and I don't think I'm gonna be getting up at 4:30 in the morning anymore. You know, I won't know until that first day right? Because I have a routine and that routine's gonna be different, so what that looks like in the future...only time will tell.

The current Deputy Fire Chief Greg Barton has been named to take your place. What advice have you given him?

What I've told him is to continue to make those relationships and build on the relationships that he already has. He's a phenomenal person. He is a wonderful leader; he understands people; he understands the needs of the community. And my advice to him was to just continue to educate yourself about what's going on in the community and remain current with those things so the fire department can anticipate the needs of the community hopefully before the actual need occurs.

What kinds of issues is the Fire Department currently facing?

We're constantly looking at our response times to determine how they're affected by the traffic and the subway construction at La Cienega and Wilshire, and the subway construction at Rodeo. We're looking forward to those times and trying to anticipate what the traffic impacts might be so that we can provide a different response route, we can provide a different mode of response. We have a bicycle EMT and a bicycle paramedic program now, so we're contemplating putting our paramedics and EMTs on bicycles during peak traffic times when we think our response times may be negatively impacted because of the traffic. And then of course in light of the reconstruction on Santa Monica Boulevard, that's another component that we're trying to anticipate what those traffic impacts might be so that we can better provide service.

This year will also be your very last Backdraft Ball. Tell us about that.

That's really been one of my prouder

moments. It started 25 years ago and former Chief Tim Scranton and I, and Stan Speth, who was the association president at the time, met with Judie Fenton and Anneli Roth. We'd previously used a company that didn't require us to do very much and we had kind of like a dance at the Beverly Hilton. We were giving about two thirds of the proceeds to this company that was coordinating this dance for us. The community didn't like it and understandably so. They're taking their money, giving it to the Beverly Hills Firefighters Association, and two thirds of the money that they're giving is going to this company to coordinate this event. So Judie Fenton and Dana Tomarken and Anneli Roth and Sooky Goldman said, "Gentlemen, we've had enough. We're not doing that anymore. We need to figure out a different program because we don't want two thirds of our money going to some outside company. We want it to go to the firefighters." Judie spoke to Stan Speth and said, "What can we do differently?" And really the two of them, Judie and Stan, said "Let's see if we can do this on a grander scale, which would get more community members involved. We can raise some money for the fighters association and the bulk of the money won't be going to some outside third party group. In the first year, we were very successful. I don't remember the exact number of people that attended but it was about 500 and it was at the Beverly Wilshire Hotel. It was successful beyond even our wildest imagination and it's only grown over the last 25 years, so Tim Scranton and I were really the first two—I was the president and he was the Backdraft Ball Coordinator so he met with Judie and her team at FTA to make that first Backdraft Ball a success. We're really fortunate that the community has embraced that. They've provided a lot, a lot of money for our retiree medical program, so those retirees after age 65 that go off of the city's insurance program, the fire association picks up their insurance premium or at least a portion of the premium. And we've been doing that and we've been very successful. So now really, our firefighters that retire have lifetime medical, and it's really through the support and generosity of the community that has supported the Backdraft Ball for the last 25 years.

How do you feel about the very last one? Has it sunk in yet?

You know, it really hasn't. I'm not a person that really likes to be recognized and when Judie said, "The Fire Association

would like to recognize you and your contribution at the 25th Backdraft Ball," I said, "But I'm not the reason that the Backdraft Ball has been so successful. There have been many other presidents and people involved in it, so at the very least I think we need to recognize all the presidents including Stan Speth, who wasn't the president when the first Ball happened but was really the reason that it did occur—we need to recognize all of those people as well." So she said, "Okay, that's what we'll do." I think it's gonna be a really, really special evening for all of us who have had a small hand in the success of the event and the legacy it's provided for all the retired firefighters.

Your son Brian is a baseball player for the Minor League Lancaster JetHawks. Tell us about that.

Well my wife and I live in Santa Clarita and Lancaster is only about 25 or 30 miles away, and so we try to get to as many games as we possibly can right now with me working. We've missed a few, but yes, our plan is to attend every one of the games not only in Lancaster, but throughout the California League, which is the league that the Lancaster Jethawks participate in. And it goes all the way from San Jose, Stockton, all the way down to Lake Elsinore. We've missed all of the away games for the most part, so now we'll get to see all those.

Who were your early mentors when you first joined the department?

Bill Daley was somebody who I had a lot of interaction with because I was the Association President and he was the Fire Chief, and he had established a really good legacy as the Fire Association President and as a leader in the fire department as the Fire Chief. So I learned a lot about community service, about community participation, about customer service, and about exceptional customer service from Bill Daley. And really what I probably learned most from him is that none of what we do is about us as individuals; it's about what's best for the community and what's best for the Beverly Hills Fire Department and the city of Beverly Hills. That has stuck with me forever. So from a global perspective, Bill Daley. From a more close mentorship perspective, Stan Speth was one of my first captains. He was one who quizzed me about captain responsibilities and asked me about decisions I made or what decisions I thought should be made on different types of scenarios, not only on fire

L-R: Ralph Jr. Mundell, Donna Mundell, Ralph Mundell, Brian Mundell

calls but throughout the station and personal matters and things like that. So Stan was a really exceptional mentor from the operational side of the fire department. And then the two people that had the most significant impact on me from the fire association perspective were Harvey Adair and Art Davis. Harvey Adair had been the president of the fire association for a number of years and he was known up and down the state as really somebody who grasped the political part of being the association president, not only with the local city council but throughout the state government. And then Art Davis just

took that ball and ran with it and so I only worked with Harvey for a couple years, but then I watched Art very closely and he provided a lot of mentorship in terms of how the association should run, what the

position should be that we should take and it was very enlightening.

What are your immediate plans once you retire?

We've never been on a cruise, so we are going on an Alaskan cruise early in July. I don't remember the exact date but we had anticipated my retirement being towards the end of June and so we had booked this Alaskan cruise, and we're really, really looking forward to that. And traveling will be the bulk of what we do in retirement. Having never been on a cruise and having never been to Alaska, I think it'll be really special.

In closing, is there anyone else you'd like to thank?

My wife [Donna]. I couldn't have done all the things I did, been away from home for the time that I was—whether I was a fire department member or a fire association representative—without her support. She's been right there the entire time. She's always been someone who, when I come home and I'm frustrated, I can ask her about something and

she's very open and honest to say, "Yeah I think you're probably going down the right

road with that one. Maybe you ought to think about these other things on this particular issue." She's very wise, knows a lot about the fire department because I've asked her about scenarios of situations. She knows about the people, she knows about how great the people are at the Beverly Hills Fire Department, so she's been a really important part of my success.

LA1798706 BEVERLY HILLS WEEKLY 5/18,25 6/1,8 2017

NOTICE OF PETITION TO ADMINISTER ESTATE OF MARY E. WILLIA
Case No. 17STPB03807

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of MARY E. WILLIA

A PETITION FOR PROBATE has been filed by N. Richard Willia in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests that N. Richard Willia be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on June 2, 2017 at 8:30 AM in Dept. No. 29 located at 111 N. Hill St., Los Angeles, CA 90012.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your ap-

pearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property.
