"Loma Vista Drive Accidents"

Another thing the City could do is on Loma Vista, in addition to the traffic enforcement, is to inform these various trucking companies that there is a "Run Away Truck" lane at the bottom near Doheny Road. I think had the driver of the A&A concrete truck known this, the incident could have been prevented. Same with the truck that hit the police car, but it was already past it.

"Fine Art Selection"

Is there a reason City Council bypassed the Fine Art Commission in choosing art? It is an embarrassment to have less than distinguished sculpture in the lawn bordering City Hall, Crescent Drive and Santa Monica Boulevard, especially when these works are forced to interfere with the Roy Lichtenstein just across the street at the Wallis.

At some point, will these pieces be offered for sale using Beverly Hills as the provenance?

Iconic Kate Mantilini restaurant to close after 27 years

Kate Mantilini Beverly Hills

The iconic Kate Mantilini restaurant, founded by the late actor Harry and Marilyn Lewis, will be closing after 27 years of business.

Their son, Chief Executive Adam Lewis, said that after "amicable negotiations" with the landlords, they could not come to terms on the lease in the Beverly Hills location, and decided to close the store.

"There's something about that that's hit me on the emotional side," Lewis said. "We're leaving, and I feel really sad about that."

Harry and Marilyn started the Hamburger Hamlet chain in 1950, and opened the

Bedford Drive location in 1959. After selling the chain in 1987, the Lewis family established the Kate Mantilini diner in Beverly Hills the same year. They have been doing business in Beverly Hills between 1959 and 2014, with Adam overseeing operations at the Beverly Hills diner for 25 of those years, and his brother, David, as Executive Chef.

"I have sat at the counter with my father, who passed away last year in June, and probably broke bread with him 5,000 times over the 25 years I've been there," Lewis said "The things that I've learned from him and my mother are amazing memories."

Kate Mantilini has not only serve Hollywood's leading people, but was also held as a movie set throughout the years. Lewis recounts how the cast and crew of *Mad Men* frequent the restaurant, including *Mad Men* Creator Matthew Weiner. Kate Mantilini closed for three days for the filming of *Heat*, starring Robert De Niro.

"The industry [has] been wonderful to us," Lewis said.

Currently, Lewis is not looking for another location in Beverly Hills but is focusing on their Woodland Hills branch, which opened in 2003. The lunch, happy hour, and dinner menu will be expanded. He is planning on bringing over a few items that were exclusive to Beverly Hills over to Woodland Hills.

"It's just really a manner of making space, getting equipment, teaching everybody how to do it, and doing it great," Lewis said.

Kate Mantilini will be open until the day before Father's Day, June 14. Lewis expects the restaurant to be "unbelievably busy with people coming in to share their last memories."

Though setting reservations early will guarantee customers a last chance to dine in Kate Mantilini in the next month, there may be a lucky few who are able to squeeze in.

"We've always been a place where people walk in," Lewis said.

The Beverly Hills Rotary Club decided on May 8 to move its meetings from the Beverly Hills Hotel to a new permanent location.

SUMMARY NOTICE

PLEASE TAKE NOTICE that on May 20, 2014, at 7:00 p.m., or as soon thereafter as the matter may be heard, in the Council Chambers of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, the Council of the City of Beverly Hills will consider adopting an ordinance entitled:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO REVISE THE PUBLIC NOTICE REQUIREMENTS FOR VARIOUS PLANNING APPLICATIONS.

A summary of that Ordinance, which has been prepared for publishing in accordance with the requirements of Government Code Section 36933, follows.

Summary of Ordinance

Public noticing requirements in Title 10 of the Beverly Hills Municipal Code, relating to Planning and Zoning, are intended to ensure that members of the public are informed of certain upcoming land use and permit decisions in the City. Title 10 requires public noticing via several different methods including: mailed notices to property owners, posted notices and publication of newspaper notices. The City Council directed staff to comprehensively review noticing requirements and develop an ordinance expanding public noticing requirements for planning applications. The Ordinance would consolidate all public notice requirements for planning applications into a new code section, 10-3-2.5. This code section would contain regulatory language pertaining to noticing requirements for planning, subdivision maps, architectural, design and cultural heritage review applications at the director and commission levels.

The Ordinance adds the following definitions to Article 1 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code:

"Block-face: One side of a street between two consecutive intersections."

"Public Notice Guidelines: Guidelines approved by the Directory of Community Development and on file in the Department of Community Development describing implementation of the requirements for public noticing of planning applications set forth in Article 2.5 of Chapter 3 of Title 10 of the Municipal Code."

When mailed notices are required for an application they must be sent to owners and occupants of properties within a certain radius from the subject property. Under the Ordinance, the areas required for mailed notices would be expanded and standardized. In areas of the City that are oriented in blocks, mailed notices would be required to be sent to all owners and occupants of properties on any block that is intersected by a required mailed notice radius. The distances are as follows:

Planning review commission level:	500 feet plus block-face
Planning review director level:	100 feet plus block-face
Design review commission level	100 feet plus block-face

In the Hillside and Trousdale areas of the City, where the street pattern is not oriented in blocks, mailed notice radii are as follows:

Planning review commission level:	500 feet
Planning review director level:	300 feet

Under the Ordinance, the mailed notice requirement for Sign Accommodations heard by the Architectural Commission would be removed from the code.

The Ordinance would also require more on-site posted notices of pending planning applications than is currently required. The Ordinance would require postings for all planning commission and planning director level applications, all design review commission cases and multifamily architectural commission cases.

The Ordinance does not contain any changes to current newspaper notice publication requirements for planning applications.

The Ordinance does not alter any notice requirements that are established by state law.

Finally, the Ordinance provides for the creation of a Public Notice Guidelines document that will contain detailed information on the public notice requirements for planning applications in the City. This document will summarize the requirements outlined in code section 10-3-2.5 and will also outline the City's policies on the use of the City website, social media, and email for notifying the public of pending planning applications.

A certified copy of the entirety of the text of Ordinance is available in the office of the City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and is available for public inspection at that location. For more information please contact **Timothea Tway, Associate Planner**, Community Development Department, at **310.285.1122** or **ttway@beverlyhills.org**.

NOTICE OF PUBLIC HEARING

DATE: May 22, 2014
TIME: 1:30 PM, or as soon thereafter as the matter may be heard
LOCATION: Commission Meeting Room 280A
Beverly Hills City Hall
455 North Rexford Drive
Beverly Hills, CA 90210

The Planning Commission of the City of Beverly Hills, at its REGULAR meeting on Thursday, May 22, 2014, will hold a public hearing beginning at **1:30 PM**, or as soon thereafter as the matter may be heard to consider:

A request for a Zone Text Amendment to amend the Beverly Hills Municipal Code regarding development standards for floor area on single-family properties located in the Hillside Area of the City. Currently, the Municipal Code requires that any existing unimproved and uninhabitable space that is converted to habitable space, and does not otherwise meet the definition of a basement, be calculated as floor area. If approved, the proposed Zone Text Amendment would allow for existing unimproved and uninhabitable space to be converted to habitable space and remain exempt from floor area even if the space does not meet the definition of a basement. As proposed, this amendment would modify the floor area development standards only for properties within the Hillside Area of the City that range from 15,001 to 25,000 square feet area, and were constructed prior to 1997.

This particular amendment is being requested in conjunction with a remodel and addition at the property located at 1127 Miradero Road; however, the amendment would apply to all Hillside properties with a lot area between 15,001 and 25,000 square feet and constructed prior to 1997.

The proposed Zone Text Amendment has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City, and have been determined to be exempt from CEQA pursuant to Article 5, Section 15061 (b)(3) of the Guidelines, which states that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Since the proposed Zone Text Amendment would only apply to spaces contained within the footprint of the existing residence, no potential for causing a significant effect on the environment exists, and therefore, the project is exempt from CEQA.

Any interested person may attend the meeting and be heard or present written comments to the Commission.

According to Government Code Section 65009, if you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Shena Rojemann, Associate Planner** in the Planning Division at **310.285.1192** or by email at **srojemann@beverlyhills.org**. Application materials associated with the project are on file with the Community Development Department and can be reviewed by any interested person. Please contact the project planner listed above to schedule an appointment to view the application materials. Appointments should be scheduled 72 hours in advance to ensure the documents are available for viewing.

*0.2 full time equivalents (FTE) equals one course

**absorbed positions in departments as a whole

The Board of Education approved hiring faculty according to FTE projections for the K-12 schools with a 4-1 vote on Tuesday. Board President Noah Margo dissented.

"It's a little too premature to vote now," Margo said at the meeting. "I wanted to get more on an idea of numbers. I would have rather started this year a little bit short than be overcommitted."

One FTE is equivalent to one full time teacher, and one course is equivalent to .2 FTEs. A full time teacher teaches 5/5, which is five periods in the day, and has one prep period.

FTEs are calculated using current enrollment projections and staffing requirements.

Each teaching position costs the district approximately \$100,000.

With leave of absences, 25 retiring faculty, in part due to an ongoing "golden handshake" [see related story on pg. 6], and a continuing decrease in student enrollment, FTEs for Beverly High and the middle schools still show a need to fill positions for various subject departments.

Though future enrollment projections are expected to decrease, there is a "buffer" in case the district does need to hire additional staff if actual student enrollment is more, according to Human Resources Director David Hoffman.

Returning student enrollment forms were passed out earlier this year to gain a better idea on enrollment expectancies.

This is the first year BHUSD started the hiring process earlier in the school year, according to Hoffman. By placing job postings early, district staff will have a wider and larger pool of applicants.

FTEs are high for Beverly High because the numbers include the need for faculty, not necessarily the amount of new teachers to hire, according to Hoffman. Current faculty continuing on to next year will decrease the need to fill positions.

The district will fill in more FTEs with current staff with proper credentials, according to Hoffman. If a part-time teacher, or a full time teacher who forfeits a prep period, elects to pick up more courses to teach, the FTEs will decrease.

Tuesday's meeting was set to end at midnight, and eight items in the human resources section, including approval to hire teachers and specialists for the K-12 levels, were voted in bulk with no formal discussion.

Vice President Brian Goldberg said at the meeting, that the bulk voting was due to the "late hour" and the "need for staff to get these passed," but future items "will be scrutinized much more" and will have a higher priority on the agenda.

Any potential hired positions will go back to the board for discussion and direction before finalizing the hiring process.

The accidents on Loma Vista Drive "is a critical public safety issue which the Beverly Hills Police Department and other City Departments are aggressively working together to mitigate future accidents," according to a BHPD press release.

Option 15, 15-Year	\$421.34

A "golden handshake" was offered this year as an incentive for veteran faculty to retire early.

The incentive is a monthly payment, in addition to their employee pension, that would be 80 percent of the highest salary they earned during their career in the district. Age is factored in the monthly addition.

Requirements for the "golden handshake" include a minimum age of at least 55 years and ten years of employment or more in the district.

For the current school year, 21 certificated faculty applied for the "golden handshake" offer, according to Executive Director of Food and Budget Services Mary Anne McCabe.

Fourteen options were available for the retirees to choose how their monthly payouts will be distributed, and how long they will receive their payments, ranging from five years to a lifetime, according to a BHUSD staff report.

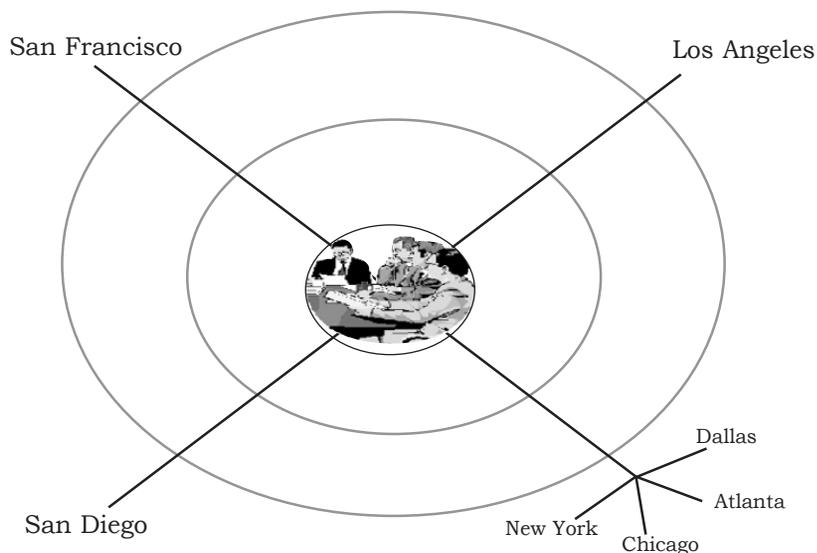

Generally, the "golden handshake" is cost-neutral to the district because it allows the district to either absorb the position or hire a newer teacher at a lower position on the salary scale.

Historically, the "golden handshake" has only been available for certificated, not classified, employees.

Rabbi David Wolpe discusses this Sunday's 25th Magbit Foundation's gala

How did you become a rabbi at Sinai Temple?

I did High Holiday services here for many years ever since I was a student, and then in 1997 I applied for the job [when] I was on the east coast teaching. I was teaching for two years in the Jewish Theological Seminary of America. I was

teaching [different kinds of Jewish studies] in the undergraduate and graduate program.

Tell us about your most recent book *Why Faith Matters* and your upcoming book.

Why Faith Matters grew out of both my arguments with various atheists (I had public debates) and also my experience in going through lymphoma and chemotherapy. It was both a personal account and also a discussion of religion in the modern world.

The biography of King David is an attempt to capture the most complicated and most interesting personality in the Bible. [It's] due out in September.

Sinai Temple has an interesting mix of Persian Jewish and Ashkenazi Jewish. Would you say the membership is about 50/50?

Yep.

Last year you told the synagogue that same sex marriages would be performed in the congregation. Many conservative Persian Jews opposed

your decision and said they would leave the congregation. What has happened since then?

Very few have left, only a couple.

How were you able to keep the communication open [on same sex marriage]?

I continued to talk to people about it and I think as more and more people have gay members of their family, their community recognizes how painful it is for people who are gay to be excluded from the privilege of committing to one another for a lifetime. I think gradually the ice is melting. But it takes time.

Tell us about your family.

My father [Gerald Wolpe] was a conservative Rabbi and he passed away a few years ago. My mother [Elaine] is still alive. I have three brothers; two older brothers, one's a scientist [Steve], one's a professor of sociology at Emory University [Paul], and my younger brother [Danny] is also a Rabbi.

The Magbit Foundation is honoring you with the Magbit Humanitarian Award for supporting the State of Israel and the Magbit Foundation at their upcoming Gala on May 18. Tell us about that.

We've done missions [to Israel] almost every other year and on some of them we have brought in the midst of the interfaither. We've brought millions of dollars to Israel that we've raised here in the

synagogue to help victims of terror. I think that it's a sort of sacred obligation of American Jews to help support the State of Israel, which is the only democracy and our best friend in the Middle East, and I say that as an American as well as a Jew.

The Foundation helps students with scholarships. It's a sort of student loan foundation in Israel. I have been enormously blessed and lucky to be able to have a strong supportive community [of Israel] and I think in particular the Persian community, in my congregation. In this, whatever disagreements I think there may exist in the congregation between different factions or different groups, we are deeply and irrevocably united in our support of Israel and I think the Magbit Foundation is reflective of that.

To be honored by your own community is especially touching. They do fantastic work and I feel very grateful to be able to share this. I've gone to many Magbit dinners over the years [and] I'd never imagine that I would be the one who would be the honoree. But I'm grateful that they asked me and I very much look forward to the evening.

The Magbit Foundation of greater Los Angeles will be holding its 25th annual gala this Sunday at The Beverly Hilton hotel celebrating Israel's 66 years of independence. To purchase tickets, call (310) 273 - 2233.

WOLF MEANS BUSINESS

The Weekly's interview with incoming Chamber of Commerce President Marc Wolf

By Nancy Yeang

I've been working in Beverly Hills for more than 25 years and probably 8 years ago, I thought it would be a really good idea to get involved with the local business community. Seeing how Beverly Hills is such a great community I thought it would be nice to meet more and more of the local people. I've always been a member of the Chamber but just decided to become more involved. I met a lot of the folks on the Board of Directors and our leadership and [I] really enjoyed meeting them.

What are some of your priorities once you become Chamber president?

We really want to make sure we enhance the business community in Beverly Hills. It's doing so well [already and] we want to make sure it's doing better. We really want to make sure we're connecting the local residents with the Beverly Hills businesses. [I want to make sure that] all [of] the people [who] work every day in Beverly Hills are using the local businesses here. In that way, if people utilize the local businesses, we're increasing our tax base, and then the City will have higher revenues. Then the City can continue to provide the great service it provides. It's kind of a circle.

Do you have a strategy for attracting new businesses and retaining existing businesses in Beverly Hills?

There is a program called, "My Beverly Hills" which is a website [www.mybeverlyhills.com] and [it has] a lot of information about how to utilize the local merchants [and] what's going on in the community. [It] talks about different things going on with the businesses [and] things going on with the City. We really want to build that out to be a connector, an easy place to see what is going on with the City, [and] it even talks about where the free places to park [are] in Beverly Hills. [It] make it really easy to shop in Beverly Hills [and] it's a great place for everybody to look and see what's happening with the merchants.

We also want to continue to have great events and draw people to Beverly Hills. The last few events that we had, Beverly Hills Experience, and our Beverly Hills Tomorrow event were more than sold out; [they] had waiting lists. I think everybody saw a great value in them.

Last year we interviewed outgoing President John Bendheim in our issue #713 cover story, and he said, "The things that we want to move forward with is we want to attract, retain, and engage businesses in Beverly Hills." How was the Chamber able to achieve these goals?

I think we go back to some of the great events that we've had. We had over 600 people at the Experience event, which a great many of them were local businesses and residents. The same with Beverly Hills Tomorrow, which [was] a great speaker series. The Annenberg Center was sold out so that was more than 500 people and brought the business community together. Our other great events [are] our small networking events that we have all the time, and specialized ones: broker round tables; getting together the service providers;

accountants; real estate; [and] lawyers; [just] really create a strong network within Beverly Hills.

All these things really raise awareness of the other businesses.

Tell us about the switch from the "Shop local" program to "My Beverly Hills."

They are actually the same. It was renamed because we all felt that "Shop Local" is a little too generic, whereas, if we named it, "My Beverly Hills," [it] makes everybody feel more of a sense of belonging to Beverly Hills. It's a little more identifiable [and] more specific. We want all the residents and all the workers to take pride on living, working, and shopping in Beverly Hills.

When the Conference and Visitors Bureau split from the Chamber of Commerce several years ago, did it affect the Chamber at all?

That [was] actually just about the time I was getting involved on the Board, so I can't give you great detail but I know everybody had to kind of do a restart on what everybody's roles [were] in the community. I think the CVB is doing a great job attracting visitors here at our hotels and restaurants and the Chamber is doing the same thing but on a local basis. Really, the CVB's mission is to track people from out of town and ours is to track the local people that utilize the local businesses and resources. I think everybody has well-defined roles.

We try to support each others' events and we'll attend different things and do some brainstorming together. Everybody's still trying to figure out the best ways to work together [and] it's a very collaborative and very friendly environment between the two organizations.

What are some of the projects that you have been involved with in the past?

[In] my day job, I'm an audit partner at Rothstein Kaas, which is a large, national CPA firm.

With the Chamber, I've been on the

Board and the CFO for the last couple of years. I help with a lot of our events and I've brought more infrastructure and financial understanding to everybody. I think bringing some institutionalization to the organization [helps us] continue into the future and help with the goals that we've set which is to produce world class events, attract great businesses to Beverly Hills, and have in the community and the businesses interact.

You said you're an audit partner at Rothstein Kaas. Tell us more about your career.

I've been a CPA for about 35 years and I work primarily in our financial services and alternative investment group. I do a lot of speaking about the industry. I speak at a lot of conferences and seminars about regulation of the industry, different products in the industry, accounting issues, tax issues, [and] regulatory issues.

How will your background as an audit partner help you as Chamber President?

Besides being an audit partner, I've been in firm management throughout the years. When it comes to running business I've been on several other non-profit boards. Being an entrepreneur, being able to run businesses, [and] being on other boards, I really want to enhance the Chamber, keep it growing. We've had a fantastic year [and] our events have been the biggest and the best events we've ever had. John set a high bar for us I want to make sure I step over the bar and even raise the bar a little bit more. We want to keep the momentum of the Chamber going.

One of my themes for this year is passion and momentum, so we want to keep the passion for the Chamber and the City going and really keep our momentum. Even add to our momentum and keep doing great events.

What are some of the things that you've learned from Bendheim?

I'm a really good networker. John is a really, really good networker. I've always known how important is to have great business friends, and John showed me more how important that is. I think John's brought so much passion to what he does and he's just always so upbeat and has so much energy. I want to continue to use John's good example. I just want to make sure that myself and our board continues all that. I have pretty high energy other than a late Friday after a long week, but if I could just get 10% of John's energy it would be fantastic.

Currently you serve on the Deans Council for Business and Economics at California State University, Northridge. What brought you back to your alma mater?

I've told the Dean many times there's not stock or investment I could ever make that would give me the return on investment I got from my degree from Cal State Northridge. To give time and money

Dwayne Dunn, Lauren Dunn, Marc Wolf, Margaret Wolf, Elizabeth Wolf and Chris Rickabaugh

back to the University so that others can continue to benefit from having a college education is it's just something that I feel really strong about. College education is so important for young people and [also] supporting our colleges and universities. That's another thing I'm passionate about: education. Whatever I could do to help the colleges succeed I'm really happy to do [it].

I [went] to a board retreat tomorrow for the Dean's council [last weekend]. We set goals and strategies for the next year.

There's two or three main reasons [why] that the dean wants us around.

[One] is fundraising, [to] help the college raise more money to enhance itself.

I think a lot of times they want to make sure the curriculum they're teaching is relevant to today's business needs. We're giving constant feedback to the Dean and

the business school about how they can improve their program. I think they actually have a similar mission in that they want to be more connected to the community [and] that the San Fernando Valley and the business school in particular [are] more connected with the San Fernando Valley local Los Angeles businesses.

A lot of really great people on the Dean's Council and besides our own networking and meeting other great people, it's really how can we help the Dean accomplish what he wants too.

Tell us about your family.

I have a wife [Margaret]. She's a homemaker. She did a lot of voice over work and worked at different radio stations. She actually did a little bit of everything. She was a reporter, had her own radio show she did commercials, a lot of things. She's

great. She's a wonderful writer. [I] always had envy. She could just sit there and write something down and it's like, oh you wrote that in one draft, and I wrote seven. Yours is way better.

I have two daughters, [Elizabeth is 29 and Lauren is 27].

Elizabeth works here in Beverly Hills at World Wide Travel [as a travel agent.] After she graduated from college she decided she wanted to learn about the travel industry. She loves to travel. Being at such a great travel agency they get some really nice perks. She's gone to a lot of great places. One of her passions is to travel and to [eventually] develop a travel business.

Lauren Dunn works over in Century City for the Kuwait Consulate for the Cultural Affairs Division as an Academic Advisor. The Kuwait counsel is now in Beverly Hills but she works for the Cultural Affairs

Division is over in Century City. She works with a lot of the Kuwait students [who] have decided to come to the United States for their education. The government sponsors a lot of the students.

What do you look forward to this upcoming year?

Just really looking forward to another great year at the Chamber. Beverly Hills is doing so well [and] this City is a great place for our business. I really enjoy doing business here and we hope there's a lot more people who want to come and do business here.

The Member Appreciation and Board Installation Night will be from 4:00 p.m. to 7:00 p.m. on June 18 at Beverly Canon Garden. Limited tickets are available for \$50. Visit www.beverlyhillschamber.com to purchase tickets.

BHHS co-athletic director retiring Norman baseball team routs Inglewood By Steven Herbert

Jason Newman said Wednesday he is retiring as Beverly High's co-athletic director and physical education teacher, but may continue as the school's golf coach.

Newman has taught at the school since the 1974-75 school year and has also been the school's boys' basketball and tennis coach.

Newman graduated from Beverly High in 1969 and was an All-Southern Section selection in boys' basketball in the 1968-69 season, helping the Normans to the 3-A Division championship.

Baseball

Beverly Hills 15, Inglewood 3

Jacob Hankin had three hits and starter Rigo Fernandez allowed two hits over five innings for the Normans in an Ocean League game at Inglewood Tuesday.

Fernandez struck out seven, walked five and hit a batter.

Beverly Hills (12-11, 4-5 in league play) scored twice in the sixth and seven times in the seventh.

The Normans combined singles by Maxwell Martin and Andy Nam and three walks – all with two outs – for two runs in the first.

Beverly Hills added four runs in the third as Grant Gaon and Fernandez both singled and scored, Trevor Bergher walked and scored and Jackson Martin doubled.

Sentinel pitchers issued five walks in the seventh, with four of the Norman batters who walked coming around to score. Maxwell Martin and Hankin both singled and scored in the inning.

The Sentinels scored once in the first, without a hit. Temo Ojeda doubled in Gerardo Huerta with two outs in the fifth for Inglewood.

Gaon pitched the final two innings, allowing two singles and a run in the fifth. He walked one batter and struck out one.

What's Next?

The Normans are scheduled to conclude regular-season play by playing host to Inglewood at La Cienega Park today at 3:15 p.m.

If Beverly Hills wins, it would qualify for the Southern Section playoffs, Norman coach Vonzie Paysinger said.

Softball

Beverly Hills 10, Inglewood 1

Aleks Recupero pitched a one-hitter and struck out six and freshman Lena Shapiro had three hits and drove in four runs for the Normans in an Ocean League game at Beverly Hills last Thursday.

The only hit Recupero allowed was a second-inning single. She allowed an unearned run in the third.

Shyra Costas had an RBI single during Beverly Hills' three-run first inning. Recupero and Shapiro had RBI singles as the Normans scored four runs in the fourth.

Shapiro tripled in three runs in the fifth.

Girls' Lacrosse

Beverly Hills 15, Marlborough 7

Natasha Kashani scored seven goals and had three assists Norman teammate Olivia Reh binder scored four goals in an Ocean League game at Marlborough April 30.

Fasiat Agaba scored twice and freshman Landry Bearden once for the Normans.

Beverly Hills goaltender Inbar Avrahami made 14 saves.

Boys' Tennis

Ocean League Finals

Beverly High singles player Adriano Saitta and the Norman doubles team of Jonah Malkin and Emilio Yera both reached the finals last week at Beverly High to qualify for the Southern Section Individual Tournament.

What's Next?

The Normans faced Temple City in a Southern Section Division 2 first-round playoff match Wednesday at Beverly High that concluded after the Beverly Hills Weekly's deadline.

If Beverly Hills won, it would face the Rio Mesa-Anaheim Canyon winner in a second-round match Friday at 3 p.m. The Normans won the coin toss and would play host to Rio Mesa, but would play at Anaheim Canyon under the Southern Section rule making the team that has played the fewer home playoff matches the home team in the following round.

The quarterfinals are set for Monday and semifinals Wednesday.

You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. NOTICE OF PETITION TO ADMINISTER ESTATE OF HADASSAH SILVERMAN
Case No. BP151770

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of HADASSAH SILVERMAN

A PETITION FOR PROBATE has been filed by Bennett Silverman in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests that Bennett Silverman be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

Made pursuant to Section 3381, Revenue and Taxation Code

Pursuant to Sections 3381 through 3385, Revenue and Taxation Code, the Notice of Power to Sell Tax-Defaulted Property in and for Los Angeles County, State of California, has been divided and distributed to various newspapers of general circulation published in the County. A portion of the list appears in each of such newspapers.

NOTICE OF IMPENDING POWER TO SELL TAX-DEFAULTED PROPERTY
Made pursuant to Section 3361, Revenue and Taxation Code

Notice is hereby given that real property taxes and assessments on the parcels described below will have been defaulted five or more years, or, in the case of nonresidential commercial property, property on which a nuisance abatement lien has been recorded or that can serve the public benefit by providing housing or services directly related to low-income persons when three or more years have elapsed and a request has been made by a city, county, city and county, or nonprofit organization that property will become subject to the Tax Collector's power to sell.

The parcels listed will become subject to the Tax Collector's power to sell on July 1, 2014, at 12:01 a.m., by operation of law. The Tax Collector's power to sell will arise unless the property is either redeemed or made subject to an installment plan of redemption initiated as provided by law prior to 5:00 p.m., on June 30, 2014. The right to an installment plan terminates on June 30, 2014, and after that date the entire balance due must be paid in full to prevent sale of the property at public auction.

The right of redemption survives the property becoming subject to the power to sell, but it terminates at 5:00 p.m. on the last business day before actual sale of the property by the Tax Collector.

All information concerning redemption or the initiation of an installment plan of redemption will be furnished, upon request, by Mark J. Saladino, Los Angeles County Treasurer and Tax Collector, 225 North Hill Street, First Floor, Los Angeles, California 90012.

ORDINANCE NO. 14-O-2660

AN ORDINANCE OF THE CITY OF BEVERLY HILLS TO PROHIBIT HYDRAULIC FRACTURING, ACIDIZING OR ANY OTHER WELL STIMULATION TREATMENT IN CONJUNCTION WITH THE PRODUCTION OR EXTRACTION OF OIL, GAS OR OTHER HYDROCARBON SUBSTANCES FROM ANY SURFACE LOCATION IN THE CITY OR ANY SUBSURFACE BOTTOM HOLE IN THE CITY

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1. Title 10 of the Beverly Hills Municipal Code establishes the City's Planning and Zoning laws. Chapter 5 of Title 10 regulates mining and extraction activities, including land use regulations that restrict the production of oil from drill sites within the City of Beverly Hills. In enacting this chapter, the City Council has determined that uncontrolled subsurface drilling and extraction would be detrimental to the health, safety and welfare of the residents of the City. The regulations set forth in Title 10, Chapter 5 are intended to protect the City's residents and buildings from adverse impacts that may result from the use of land for oil drilling and extraction purposes, including, among other impacts, vibration, sinking, or other damages that may result from uncontrolled oil drilling and extraction.

Section 2. The City Council desires to amend Title 10, Chapter 5 to include additional land use regulations to prohibit the use of property in the City for the purpose of conducting certain types of oil extraction activity, including hydraulic fracturing and similar well stimulation treatments that might alter the natural permeability of the geologic formations beneath the City of Beverly Hills.

Section 3. Section 10-5-303 of Article 3 of Chapter 5 of Title 10 of the Beverly Hills Municipal Code is hereby amended to insert the following definition between the terms "EXPLORATORY AREA" and "OIL WELL" as they presently appear in Section 10-5-303, with all other definitions in the Section remaining as previously adopted:

"HYDRAULIC FRACTURING: Any well stimulation treatment that, in whole or in part, includes the pressurized injection of hydraulic fracturing fluid or fluids, which may include a mixture of water, chemicals and sand, into an underground geologic formation in order to fracture or with the intent to fracture the formation, thereby causing or enhancing the production of oil, gas or other hydrocarbon substances from a well."

Section 4. Section 10-5-303 of Article 3 of Chapter 5 of Title 10 of the Beverly Hills Municipal Code is hereby amended to insert the following definition above the term "APPLICANT" as it presently appears in Section 10-5-303, with all other definitions in the Section remaining as previously adopted:

"ACIDIZING: Any well stimulation treatment that uses, in whole or in part, the application of one or more acids, at any pressure, to an underground geologic formation with the intent to cause or enhance the production of oil, gas or other hydrocarbon substances from a well. Acidizing may be used in conjunction with hydraulic fracturing or any other well stimulation treatment. Acidizing may include, but is not limited to, processes known as acid fracturing and acid matrix stimulation. Acidizing does not include standard maintenance work or other routine activities that do not affect the integrity of the well or the natural porosity or permeability of an underground geologic formation."

Section 5. Section 10-5-303 of Article 3 of Chapter 5 of Title 10 of the Beverly Hills Municipal Code is hereby amended to insert the following definition after the term "PERMITTEE" as it presently appears in Section 10-5-303, with all other definitions in the Section remaining as previously adopted:

"WELL STIMULATION TREATMENT: Any treatment or process of a well designed to enhance oil, gas or other hydrocarbon substance production or recovery by increasing the permeability of the underground geologic formation. Well stimulation treatments include, but are not limited to, hydraulic fracturing and acidizing. Well stimulation treatments do not include standard maintenance work or other routine activities that do not affect the integrity of a well or the natural porosity or permeability of an underground geologic formation."

Section 6. Section 10-5-318 of Article 3 of Chapter 5 of Title 10 of the Beverly Hills Municipal Code is hereby amended to insert a new Subsection (A)(48) to read as follows, with all other provisions of Section 10-5-318 remaining as previously adopted:

"48. The permittee shall not use or cause to be used hydraulic fracturing, acidizing, or

any other well stimulation treatment."

Section 7. Section 10-5-324 of Article 3 of Chapter 5 of Title 10 of the Beverly Hills Municipal Code is hereby added to read as follows:

"10-5-324: **PROHIBITION AGAINST THE USE OF LAND FOR HYDRAULIC FRACTURING, ACIDIZING AND WELL STIMULATION TREATMENTS**

Notwithstanding any other provision of this article, it shall be unlawful to use or cause to be used any land within the City for the purpose of conducting or enabling hydraulic fracturing, acidizing, or any other well stimulation treatment in conjunction with the production or extraction of oil, gas or other hydrocarbon substance from any subsurface location within the City.

However, to the extent that any permittee demonstrates to the city engineer, or the city engineer's designee, that (1) well stimulation, other than hydraulic fracturing, is necessary to recover the permittee's reasonable investment backed expectation established through investment made before April 22, 2014 and (2) that such well stimulation will not create a nuisance due to an adverse impact on persons or property within the City, then the city engineer may authorize such well stimulation pursuant to a permit issued pursuant to procedures adopted by the city engineer."

Section 8. This Ordinance was assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines (the Guidelines), and the environmental regulations of the City. The City Council hereby finds and determines that the adoption of this Ordinance is exempt from CEQA pursuant to Section 15308 of the Guidelines for actions taken by regulatory agencies to assure the maintenance, restoration, enhancement, or protection of the environment. The Class 8 exemption is applicable because this Ordinance is intended to amend the City's regulatory process for permitting oil and gas production in such a way as to better protect the environment.

Section 9. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall remain in full force and effect.

Section 10. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance, and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City. This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.
