LVMH Election Headed Towards \$3 Million

Voters to Decide May 23

“CVB Funding”

[Last] Tuesday night, the Council unmercifully attacked Julie Wagner, the CEO of the Beverly Hills Conference and Visitors Bureau (CVB), to the extent that her new nickname is “Miss Piñata.”

The CVB is solely funded by the city, but the majority of its Board of Directors is comprised by the general managers of the largest hotels in the city. The CVB’s stated mission is to attract visitors to the city of Beverly Hills. Practically, its job is to increase occupancy of the city’s major hotels.

Ms. Wagner was making the case for the city to give nearly \$5 million to the CVB for the next fiscal year. The Council’s questions, however, centered mostly upon minutiae, asking about pennies instead of dollars, trying to burst the piñata to catch the dime store candy.

The “Denizens of the Dais” failed to ask the most basic question: “If we give you \$5 million, how many new dollars are you going to generate?”

It’s both a simple and a complicated question, but if the “return on investment” cannot be quantified, why is the City Council committing a single taxpayer dollar?

“LVMH Project”

Thanks to Beverly Hills Weekly for publishing the Guest Editorial [issue #1232] by Councilmember Mirisch and Mr. Lunn. I wasn’t aware of all the behind-the-scenes details of the Cheval Blanc project that they describe.

I grew up in Newark, NJ, where almost every mayor since I was a boy went to federal prison after being convicted of corruption, so I have always been suspicious when massive building projects are approved. When I lived in Los Angeles, near the Museum of Tolerance and YULA, inappropriate expansions were approved for both institutions after large campaign contributions from Museum and YULA board members and supporters to successive Los Angeles mayors and City Council candidates. This is legal bribery, but it is bribery nonetheless. Those of us who lived near the two institutions didn’t have the resources to make large campaign contributions or to hire high-priced lawyers, lobbyists, and political consultants, so we lost. I had told my neighbors that this would be the outcome, despite our best efforts and having the law on our side. I know when “the fix is in”.

The Cheval Blanc project sounds like another one of those development deals where the zoning rules meant to protect the public from inappropriate overdevelopment are bent to benefit developers, perhaps because of various considerations

granted to the decision makers by the developer. Why else would our civic leaders sell out our city’s future to a foreign billionaire and his vanity project, dooming us to a giant hotel marring the landscape and permanent gridlock on both roadways of Santa Monica Boulevard?

I’m sending the Guest Editorial to the Los Angeles County District Attorney’s Public Integrity Division and the FBI’s Los Angeles Field Office in the hopes that they can get to the bottom of what’s going on here in Beverly Hills. As with the already-approved 9900 Wilshire Boulevard project and whatever is going on with Parcel 12 and 13 also on Santa Monica Boulevard, something smells funny here.

The #1 top luxury group in the world could have worked within the confines of the Beverly Hills property it now owns, to within height and density and parking ratios. It could have come up with the most amazing development. But why bother, when for the very same price, it is getting double?

You and I would have liked that too. That is why we elect our Council members, the responsible adults, to make sure that when life seems too-sweet-to-be-true and the drip of drugs directly into our veins cloud our judgment, they will be there to stop us and say, it is not good for you; you deserve better; you can easily get so much more from life. They are here to protect us from making costly mistakes that will forever change the character of our City.

LVMH can pay the City \$1b for all the extras it wants, and likely recoup it in no time. Thus, years of construction inconvenience, loss of required parking and giving up air- and underground rights will turn into a war chest of \$1b that clearly will come in handy in the future.

Let us not undersell our assets and rights. When a seller does not respect itself, why would the buyer? Conversely, a buyer is able and will be willing to pay a fortune to be in Beverly Hills. Why would Beverly Hills residents demand any less?

Here are a few reasons you should vote YES on B & C.

Our city depends on its Property, Sales, and Bed Tax for funding our exceptional Police, Fire, Paramedics, and Schools. The Cheval Blanc Hotel Project at the anchor location of Rodeo Drive and Little Santa Monica Blvd. will contribute over \$750 Million to the City’s General fund. This windfall will help ensure we have state-of-the-art life safety technology and equipment while maintaining a three-minute emergency response time.

In addition, the taxes generated by the Cheval Blanc will also contribute (over the next 30 years) more than \$100 million to our excellent School District.

Lastly, we are pleased that the boutique Cheval Blanc hotel will have no banquet or event facilities, thus reducing traffic. Responsible development is good for Beverly Hills, and the City Planning

Commission and City Council have approved the project.

The Cheval Blanc Hotel Project will be an iconic addition to our city for the next 50 years. Please vote Yes on B&C.

We live in Beverly Hills and believe the Cheval Blanc Hotel Project will be a gorgeous and smart addition to our city. Beverly Hills is known for its luxury and commitment to excellence. The Hotel is designed tastefully by an award-winning architect and will be managed at a 6 Star level. The Taxes generated by having a Cheval Blanc hotel will bring over \$750 Million to our city which will help support our Police, Fire and other city services. In addition, \$100 Million will go directly to our schools over the next 30 years.

Let’s keep our city service first rate and our public schools great. Please vote Yes on B & C.

“Antisemitism at BHUSD Schools”

In light of several anti semitic very recent events at all our BHUSD campuses, it has come to the attention of the community that BHUSD has not provided awareness nor education in regards to the Holocaust. The Holocaust was one of the largest and most horrific acts against humanity that has occurred during World War 2. Hitler almost succeeded in eliminating all Jews, Gays, Lesbians and Disabled Human Beings from the face of this earth. To this date, unfortunately our society is continuing to harm, discriminate, torture or kill the same groups of people. It is very evident that anti semitism has risen higher than ever before.

If we do not educate all of our ELEMENTARY, MIDDLE SCHOOL AND HIGH SCHOOL students of what happened in history, our students will graduate BHUSD ignorant and unaware. We have the opportunity to change this. There are still Holocaust Survivors left and willing to share their first hand experiences. The Holocaust museum is just down the street. We must implement Holocaust education into the BHUSD curriculum at once without delay. We as a collective community of Beverly Hills have the obligation to make sure our students are well aware of what happened and why it happened, so that we can prevent such horrific acts from happening ever again.

Do not allow this 2023 school year to end without addressing this very serious subject with an Emergency Assembly.

The community is very shocked and upset by all the recent anti semitic events that have occurred on our BHUSD campuses. For example, at Horace Mann Elementary a 5th grade student drew the Nazi symbol of the "Swastika" (This symbol is illegal in Germany today). At Hawthorne Elementary a student raised his arm and verbally voiced "Heil Hitler". At Beverly Hills High School students have made Holocaust jokes and racial slurs towards Jewish Students.

What is most shocking is that most

OUR DATA SPEAKS VOLUMES

BHUSD students have NEVER ever heard of the Holocaust, Nazi Germany or the Swastika. Hitler flaunted the “Swastika” and committed the most horrific crimes known in history under that symbol. For that very reason, the “Swastika” is illegal in Germany to this day. As a district, BHUSD must educate ALL the students about the Holocaust and stand strong against all forms of hate and anti semitism.

Many parents have voiced their concerns and frankly I personally did not know that this part of history is not acknowledged or in the BHUSD curriculum. Why is it imperative and important to never forget? Because anti semitism is still alive and our students are showing signs of it. This should never be the case. We are better than this!

Drew Stewart Appointed as Beverly High Principal

On Tuesday the Board of Education unanimously approved the appointment of Drew Stewart as the next Principal for Beverly High.

“I have worked with Mr. Stewart since 2017 when he was a teacher at Beverly Hills High School. Shortly thereafter he was appointed Assistant Principal and most recently, Co-Principal. Over the past 6 years, he has demonstrated exemplary leadership qualities, an unwavering commitment to our community, and above all he has built a foundation of trust through genuine relationships with students, staff, and parents,” Superintendent Michael Bregy said.

Drew Stewart

Drew Stewart previously served as Interim Beverly High Co-Principal for the 2022-2023 school year along with Kim Decatrel.

“As you know, in line with our mission of Educational Excellence, appointing the best leader to our school required the expertise and support of our entire community. You [students, staff, parents, alumni] answered surveys, met with me, sat on panels, interviewed candidates and we even conducted a national search leaning on the expertise of a search firm. This resulted in the most qualified and seasoned candidates in the country applying for this position and was critical in our ability to be objective. Mr. Stewart had formidable competition as he entered the process. Ultimately, it confirmed that here at BHUSD we have the best of the best leading our schools at every level and there is no better candidate

to helm Beverly Hills High School. The Co-Principalship has been tremendously successful and I am grateful to Ms. Decatrel for her dedication and leadership throughout this interim period,” Bregy said.

Stewart holds a Master’s Degree in Education, Teaching and Learning from Point Loma Nazarene University and a Bachelor of Political Science from the University of California, San Diego.

Stewart previously taught College Preparatory, United States History, American Government, and Economics. He will assume this position in July.

BHPD Makes Arrests Following Armed Robbery

On Wednesday, April 26, at approximately 5:23 pm, Beverly Hills Police officers responded to the area of Wilshire and Bedford due to a report of an armed robbery. Prior to police arrival, the suspects drove south on Bedford Drive from Wilshire in a silver Dodge Sedan.

With assistance from the BHPD Real Time Watch Center (RTWC), officers located a vehicle matching the suspect vehicle description. After officers attempted to initiate a traffic stop, the vehicle made evasive maneuvers and a pursuit ensued.

The pursuit ended in the area of Cotner Ave. and North Santa Monica Blvd. in the city of Los Angeles. All four occupants of the vehicle were detained. The investigation led to the arrest of the four occupants and the recovery of a handgun and rifle in the suspect’s vehicle.

The following were arrested:

- Threets, Briana, 18 year old female of Oakland, charged with robbery
- Clark, Keymaurie, 26 year old male of Oakland, charged with robbery
- Juvenile – Female, 15 years of age

There were three victims associated with this armed robbery and their property was recovered at the conclusion of the investigation. The suspect vehicle was later deemed to have been stolen prior to this crime.

Councilmember John Mirisch was the sole dissenting vote.

The CVB is contracted by Beverly Hills to conduct a variety of marketing and tourism programs promoting the City. They

City Council OKs New Sidewalk Security Barriers

At last Tuesday's Study Session the City Council discussed a request from Rodeo Drive property owners regarding the existing sidewalk security barriers, which are dark green concrete K-Rails, on Rodeo Drive to be replaced with a different sidewalk security barrier design. The City Council approved the request from the Rodeo Drive Committee, with Councilmember John Mirisch being the sole dissenting vote.

"We have so many creative designs that are only in Beverly Hills and I really think

we should look at doing something that is distinguished," Mirisch said. "These look like the tops of chess pieces, like you have cut off the top of a pong."

In the summer of 2017, temporary seating was installed for Rodeo Drive which included 48 bistro tables and 192 chairs placed at 24 locations with 24 protective sidewalk security barriers and 96 planter boxes.

This temporary seating was originally scheduled to be removed on Sept. 1, 2017. At the Aug. 22, 2017 meeting, the City Council approved the continuation of the temporary seating through Dec. 31, 2017. On Dec. 19, 2017, the City Council approved the continuation of the Bistro seating amenities and granted authority to the City Manager to amend and enter into contracts necessary to continue the Bistro Seating amenities.

On Oct. 20, 2022 several Rodeo Drive property owners authored a letter to the City requesting the study, removal, and replacement of existing sidewalk security barriers.

A specific vendor and color has not been selected, and the cost to purchase, install and maintain the proposed replacement design is not yet known at this time.

City Staff will bid and determine costing for new sidewalk security barriers on Rodeo Drive. The results of the bidding process would later be brought back at a future City Council meeting for an appropriation of funding with project costs and mapping.

City Approves Broker Agreement for New Water Well Site

At last Tuesday's meeting the City Council approved a broker agreement with The Schaffel Group, Inc. for the acquisition of property along South La Cienega Blvd. in Los Angeles for the development of future water wells in the La Brea Subarea of the Central Groundwater Basin.

Prior to the pandemic, the City had considered the purchase of properties and submitted offers, but negotiations did not result in a purchase agreement. The broker will identify off-market opportunities, provide pricing recommendations, and assist with negotiating terms of any future purchase and sale agreement.

The City continues to evaluate opportunities that do not require the acquisition of additional property, according to the staff report. Such alternatives have included possible well locations at La Cienega Park and the installation of a monitoring well at a City-owned property located at 2323 South La Cienega Blvd., also known as the Sand Pit.

The water quality at the Sand Pit site has been evaluated and lab results have indicated several constituents of concern that will need to be periodically monitored, according to the

staff report. City staff are meeting with the Division of Drinking Water (DDW) to present the water quality results and obtain recommended next steps.

City staff recommend continuing with the search for property while the options at the Sand Pit and La Cienega Park are evaluated.

In 2017, the City acquired property from Coffee Bean at 1945 South La Cienega Blvd. The site consisted of two office buildings and one single-family residence on Chariton St. The single-family residence was demolished and a well, LCW-1, was constructed in its place. LCW-1 is currently completed and has been operational since March. The City believes additional wells and well sites are necessary in order to meet groundwater production targets.

Key terms of the Broker Agreement include: an initial term of six months, which may be extended for up to two additional terms of six months each, and a commission of 2.5% of a negotiated purchase price.

Public Works Commission to Discuss Wastewater Ordinance

At their Thursday meeting the Public Works Commission is expected to discuss and possibly approve the Wastewater Ordinance Amendment.

The goal of the ordinance is intended to protect the environment through regula-

tions on the operations of the system. This includes regulating connections, maintenance, and discharges from commercial, residential and industrial sectors.

The intent of amending the ordinance was to further protect the environment and public health from sewer overflows.

The following topics were previously presented for ordinance consideration:

Permitting private lateral cleaning, proper termination of sewer lateral connections, protruding private lateral connection, deteriorating private laterals, prescribing easement locations, and permitting groundwater discharges to the sewer system.

At a previous meeting the commission supported the following items in the framework:

Proper termination of lateral connections at the sewer main, permitting the installation of lining to prevent protruding lateral to the sewer main, and prescribing the location of easements.

According to the staff report, city staff

has seen root growth protruding in the public sewer main from abandoned lateral connections where the owner of the property does not have access to the line. The ordinance will make it so that private lateral terminations occur at the public sewer main. Termination will include excavation in the public right-of way.

Pipe lining has become a viable option to rehabilitate old sewer lateral lines, according to the staff report. City staff has seen an increase of lining jobs and consequently lining that protrudes into the public sewer main preventing proper flow. This may eventually result in sewer overflow and property damages, according to the staff report. In 2022, the Public Works Department saw four instances of this and anticipate more as the technology becomes more viable. For the ordinance amendment, pipe lining will be included in the definition of house sewer connection maintenance.

According to the staff report, current wastewater municipal code is not specific on sewer easements and does not provide provisions on how to manage relocating easements. The amendment is intended to address this issue by including language that relocating easements will conform with good practices.

At a previous meeting the commission said they did not support permitting private lateral cleaning and requiring CCTV inspection of private laterals for remodeled and new construction projects. The commission at first did not support allowing groundwater discharges to the sewer system but eased their concerns because the dewatering issues in residential properties will be included in the ordinance.

The commission previously expressed issues permitting lateral cleaning because there is no inherent issue resulting from sewer lateral cleaning, and private lateral block-

ages will impact the owner and will not have an impact on other private properties. The commission also said that permitting will further delay mitigation measures in removing blockages from private properties, and be an unnecessary permit cost.

The ordinance will also include language to allow groundwater to be discharged to the sewer system.

The aforementioned items are intended to further protect the environment and public health while having policies to reduce sewer overflows and reduce property damage.

If the Commission recommends the ordinance to the City Council, staff will schedule this item to be heard by City Council sometime in the fall.

Beverly Hills Plastic Surgeon Agrees to Pay \$23.9 million to Settle Allegations of False Claims

A plastic surgeon in Beverly Hills, along with his son, medical practices and billing company, have agreed to pay \$23.9 million to resolve allegations that they violated the False Claims

Act by submitting or causing the submission of false claims to both Medicare and Medicaid.

The settlement resolves allegations that Dr. Joel Aronowitz; Daniel Aronowitz; Joel A. Aronowitz, M.D., a medical corporation; Tower Multi-Specialty Medical Group; Tower Wound Care Center of Santa Monica, Inc.; Tower Outpatient Surgery Center, Inc.; and Tower Medical Billing Solutions (the Settling Parties) falsified the place of service for skin grafts and billed multiple times for single-use skin substitute products.

The Department of Justice contends that the settling parties manipulated the place of service code on claims for skin grafts to fraudulently maximize reimbursement from Medicare and Medicaid; and that Dr. Aronowitz failed to properly dispose of unused portions of single-use skin graft materials and, instead, used them in later procedures involving other Medicare and Medicaid beneficiaries, resulting in thousands of instances of double billing.

"Our investigation revealed a long-running practice to illegally maximize profits, ultimately costing public health programs millions of dollars," United States Attorney Martin Estrada said. "The Medicare and Medicaid programs are taxpayer-funded programs, and we are committed to wiping out abuses that line the pockets of unscrupulous providers."

In connection with the settlement, the United States Department of Health and Human Services, Office of Inspector General (HHS OIG), negotiated the voluntary exclusion of Dr. Aronowitz and Tower Multi-Specialty Medical Group from Medicare, Medicaid, and all other federal health care programs for a period of 15 years. Daniel Aronowitz will be excluded for three years.

Medicaid is funded jointly by the states and the federal government. The state of California paid for a portion of the Medicaid claims at issue and will receive a total of approximately \$497,619 from the settlement.

The civil settlement includes the resolution of claims brought under

City Council Approves Purchase of Portable Traffic Barrier System

At last Tuesday's meeting the City Council approved a purchase order in the amount of \$250,000 for the purchase of portable defense barriers and waived formal bidding requirements.

The Public Works Department supports the Police Department with public/pedestrian right-of-way closures. There has been an increased need to temporarily close streets for a variety of reasons, including events and the heightened risk of civil disturbance.

To better ensure the safety of the community and address these concerns, city staff proposed the purchase of a portable traffic barrier system that is intended to provide more efficiency than the K-rail barriers that the City has been using.

The new barriers are a type of portable, temporary barrier designed for fast deployment to restrict traffic, control crowds, and other security applications, according to the staff report.

One advantage of the new barriers is

that they are intended to be quickly set up on an as needed basis, making them useful for street closures and crowd control, or for use in emergency situations. They are also easy to transport because they are not considered lightweight; while the concrete K-rails are heavy and more difficult to move.

They are also expected to be less expensive overtime than renting concrete K-rails because they are expected to last for many years with minimal maintenance. In the past five years, the City has spent over \$672,000 to rent K-rails.

City Staff is expected to quickly close streets in the event of an emergency and in a fraction of the time using this new method, according to the staff report. In general, it would take staff three to five minutes to deploy each barrier and approximately 15 to 25 minutes to close an intersection. The deployment of the barriers would not need to happen overnight as with the current system.

Other California municipal agencies using this type of barrier system include the cities of Pasadena, Sacramento, Ventura, Manhattan Beach, and Santa Monica.

This purchase will allow the Public Works Department to provide barrier control for the Art Show and Farmer's Market events, as well as assist the Police Department in emergency situations. It will also allow the City to seal off portions of the Civic Center Complex.

BHPD Policy Manual

Military Equipment Use Policy

with this Department, shall comply with their respective military equipment use policies in rendering mutual aid.

706.7 ANNUAL REPORT
Upon approval of a military equipment use policy, the Chief of Police or the authorized designee should submit a military equipment use report to the governing body for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The governing body shall determine whether each type of military equipment identified in the annual report complies with findings at the time this policy was adopted. If it is determined that a type of military equipment in the annual report has not been compliant, City Council may either disapprove a renewal of the authorization or require that modifications be made.

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the department website for as long as the military equipment is available for use. The report shall include, at minimum, all information required by Government Code § 7072 for the preceding calendar year for each type of military equipment in department inventory.

706.8 COMMUNITY ENGAGEMENT
Within 30 days of submitting and publicly releasing the annual report, the Department shall hold at least one well-publicized and conveniently located community engagement meeting, at which the Department should discuss the report and respond to public questions regarding the funding, acquisition, or use of military equipment.

706.9 PUBLIC QUESTIONS, CONCERNS AND COMPLAINTS
In accordance with Government Code § 7070, a person may register a complaint or concern, or submit a question about the use of a type of military equipment.

Any member of the public may ask questions, register concerns, or make complaints by submitting a "Military Equipment Use Inquiry and Complaint Form" on-line via the Beverly Hills Police Department's website. The receipt, processing, investigation, and response will be handled by the Department's Professional Standards Unit.

706.10 COMPLIANCE
The designated Military Equipment Coordinator will ensure that all Department members comply with this policy. Any alleged violations of this policy will be investigated pursuant to Policy 1010 and may be subject to disciplinary action. The Beverly Hills City Manager has final oversight authority over the use of military equipment.

**NOTICE OF PETITION TO ADMINISTER ESTATE OF:
MARIA ULLA-BRITT PERSSON
CASE NO. 23STPB04432**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the WILL or estate, or both of MARIA ULLA-BRITT PERSSON. A PETITION FOR PROBATE has been filed by ANISE YVONNE PALLADINO in the Superior Court of California, County of LOS ANGELES. THE PETITION FOR PROBATE requests that ANISE YVONNE PALLADINO be appointed as personal representative to administer the estate of the decedent. THE PETITION requests the decedent's WILL and codicils, if any, be admitted to probate. The WILL and any codicils are available for examination in the file kept by the court. THE PETITION requests authority to adminis-

ter the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held in this court as follows: 06/05/23 at 8:30AM in Dept. 9 located at 111 N. HILL ST., LOS ANGELES, CA 90012

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court

within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.
