Richards Files Complaint Over NYC Public Defender Removing Israeli Hostage Posters

On Sunday, Beverly Hills attorney Ronald Richards announced on X, formally known as Twitter, that he intended to file official complaints with the appropriate agencies, including the New York Bar, related to attorney Victoria Ruiz, a New York County public defender, who was recently been captured on video ripping down one of the many posters of Israeli children kidnapped by Hamas terrorists.

As of Tuesday, Ruiz has resigned following backlash.

"Attorneys cannot target crime victims and discriminate against them based upon numerous factors. How can this attorney represent the indigent when she is illegally interfering with crime victims' desperate expressions for help and to acknowledge the current crime in progress? New York attorneys should be

appalled and outraged by this improper and unethical behavior," Richards wrote in the post prior to her resignation.

In the footage that has been circulating social media, Ruiz, who was later identified by nonprofit watchdog StopAntisemitism, ignores the person behind the camera who is repeatedly asking, "Why are you taking down pictures of missing children?"

In an email sent Monday to Stanislao Germån, the Executive Director for New York County Defenders, Richards wrote, "A paid public official working for your office has no place in tearing down posters of victims of kidnapping and rape who are merely posting missing persons displays. She has now created that she has a bias against a certain ethnic group. She should not be representing the public on appointed cases."

New York County Defender Services, who employed Ruiz, said her actions were "highly insensitive," according to the Jewish Chronicle.

Prior to her resignation, a spokeswoman for the law firm said: "It has come to our attention that one of our attorneys, Victoria Ruiz, recently attended a pub-

Ruiz has also apologized for her actions.

"It would be no different than her tearing down missing persons posters of civil

Tearing down a crime victim's poster about an ongoing kidnapping has zero to do with political speech and everything to do with intimidation and interference of freedom of expression and association," Richards wrote to Germån in the email. "Is this your office's policy to rip down posters of kidnap and rape victims, many of which are children?"

Public Works Commission to Discuss Ordinance Regulating Polystyrene Foodware and Plastic Waste

At their Thursday meeting the Public Works is expected to discuss and possibly recommend moving forward with a proposed ordinance that would regulate polystyrene foodware and plastic waste. The ordinance is intended as a comprehensive ordinance with efforts to significantly reduce plastic and styrofoam use by prohibiting the sale and distribution of these materials in the City.

The goals of the ordinance is:

• Prohibit the use, sale and distribution of polystyrene foodware which

includes food and beverage containers, packing materials and trays.

- Prohibit the use, sale and distribution of single-use plastic straws, stirrers, utensils, beverage bottles, and aseptic packaging.
- Require the use of reusable foodwear for all dining premises.

The commission previously discussed the provision prohibiting affected businesses to use, sell and distribute single-use foodwear and plastic beverages that are less than one gallon in volume. Several business owners previously communicated the detrimental effects this ban could have on the business community. Subsequently, the commission was expected to form an ad hoc committee with a combination of business owners and bring back revised recommendations at a future meeting that consisted of two members of the commission and four members of the business community, including the Chamber of Commerce.

The Ad-Hoc Committee met in Aug. to discuss clarifying the framework and consider using the Los Angeles County Reduction of Waste Ordinance as a model for the City.

Subsequently, staff used this as the model ordinance that the commission may approve on Thursday.

The ordinance covers the following main goals:

- Prohibit the distribution and sale of single-use articles that are neither compostable or recyclable.
- Prohibit the sale of expanded polystyrene products.
- Provide flexibility that allows the use of certain single-use products that are not compostable or recyclable.
- Provide clear definitions for compostable and recyclable products.
- Require full-service restaurants to use reusable utensils for in-dining service.

briefs cont. on page 4

briefs cont. from page 3

- Require platforms to limit the distribution by having it available upon request.
- Included exemptions to the ordinance are applicable to supplies used during emergency and health facilities for patients who are in treatment.
- Give waivers or extensions to businesses that may experience undue hardship.

City Council Approves Temporary Art Installation of Shabbat Table Art Piece

The City Council approved a temporary art installation that would honor the hostages taken by Hamas, at Tuesday's Study Session.

There has been community interest in setting up a Shabbat table in the City to honor those that were taken hostage by Hamas on Oct. 7. Currently, Rabbi Yossi Cunin of Chabad in the Hills has taken on setting up a table each Friday afternoon, and is currently doing so on the Crescent Drive side of City Hall.

While Rabbi Cunin will probably continue with his weekly display, according to the staff report, the City Council agreed to pursue its own temporary art installation that would similarly honor the hostages taken by Hamas.

City staff has also been approached by the Consul General of Israel regarding creating a temporary art display to honor those that lost their lives during the initial attack by Hamas.

The concept would involve creating an art installation whereby one flag for each life lost is displayed, with each flag being representative of the nationality of the individual.

There would be approximately 1,400 flags installed, since 1,400 lives were lost that day. The concept is to use miniature flags, similar to those that are placed at grave markers, with the flags clustered together in a single area with even spacing.

An ad hoc committee will also meet to further explore more details, such as where everything will be set up.

According to the staff report, the costs for installation and maintenance are unlikely to exceed \$20,000.

BHPD Adding New Firearms to Military Equipment List

The City Council Approved a new Military Equipment Use Inventory, which listed one new item requested to be purchased by the BHPD, at their Tuesday meeting. The police department sought approval to add 13 B & T Semi-Automatic Carbine firearms in the amount of \$49.990.

According to state Code, law enforcement agencies are required to obtain approval by an ordinance adopting a military equipment use policy before taking certain actions relating to the funding, acquisition, or use of "military equipment."

Approved military equipment currently utilized by BHPD includes:

- Drones
- Long Range Acoustic Devices (LRAD)
 - Robotics
 - Armored vehicles
- Command and control vehicles
- Breaching apparatuses that are explosive in nature
- Ammunition of .50 caliber or great-
- Specialized firearms
- Specialized firearms designed to launch explosive projectiles
- "Flashbang" grenades and explosive breaching tools
- Projectile launch platforms and their associated munitions

Law enforcement agencies that receive approval for a military equipment use policy are required to submit an annual report to the City Council or governing body regarding each type of military equipment approved. Based on the Annual Report, it must be determined whether each type of military equipment identified in the report has complied with the standards for approval at the time the military equipment use ordinance was adopted. The City Council is required to annually vote on whether to renew the military equipment use ordinance.

In May the City Council previously renewed the Military Equipment Use Ordinance and authorized purchases for the New Acquisition List of military equipment. At that time, the City Council also approved adding seven new drone models as additional items into the approved Military Equipment Use Inventory. This brought the total to 20 additional drones.

City Council Approves Affordable Housing Consultant

The City Council approved a contract with Housekeys, Inc. to provide affordable housing consulting services in the amount of \$137,300 for one year, with the option to extend for two additional one-year terms, at Tuesday's meeting.

The agreement is intended to provide consulting services to aid in the administration of the City's affordable housing program, which is directed by the 2021-2029 Housing Element.

The services provided by Housekeys, Inc. will update the City's affordable housing guidelines, developing compliance guides, updating preference and priority criteria, completing annual compliance certification for existing projects and tenants, and ongoing program administrative services.

The existing ordinance requires developers to provide a minimum percentage of units to be deed restricted as affordable to lower- and moderate-income households within new apartments and condos. The City anticipates that additional deed-restricted units will be developed, which require the replacement of certain units in a new development, and state Density Bonus Law.

Currently, a total of 158 deed-restricted units have been constructed and the total number of affordable units is ex-

pected to increase in the future as a result of the aforementioned regulations.

The City previously allocated \$150,000 for a contract with a housing administrator to implement this program, as the Housing Element requires maintenance of a contract with a program administrator to assist with placing households into affordable units.

Housekeys, Inc. is currently the administrator of affordable housing programs in several cities including the cities of Mountain View, Santa Clara, West Hollywood, and San Luis Obispo.

City Council Approves Traffic Safety Grant

Grant funding from the California Office of Traffic Safety (OTS) in the amount of \$80,000 from the Police Department Grant Fund was approved at Tuesday's City Council meeting.

The Police Department intends to maintain checkpoints during Fiscal Year 2023-24. OTS has agreed to reimburse the City for overtime, training/travel, and supply expenses incurred for conducting authorized grant activities.

Last year's grant resulted in the following enhanced enforcement efforts: Two DUI and driver license checkpoints at various locations, seven DUI saturation patrols, and seven dedicated traffic enforcement details.

The City Council approved \$80,000 in the grant to fund police sobriety enforcement operations.

City Council Approves Grant for Federal Bulletproof Vest Partnership

At their Tuesday meeting the City Council approved grant funding under the Federal Bulletproof Vest Partnership and appropriated \$7,059 from the Police Department Grant Fund for the purchase of ballistic vests.

The U.S. Department of Justice sets forth an annual grant program designed to assist police departments in the procurement of bulletproof vests. The program contributes 50% of the cost of bulletproof vests. The City was approved for the FY 2023 grant to purchase up to 20 bulletproof vests for a total of \$7,059 through the end of Aug. 31, 2025

BHPD participates annually in this grant program to replace expired ballistic vests and to purchase vests for newly hired police officers. The department anticipates the need to replace and purchase 20 vests for police officers between April 1, 2023 and Aug. 31, 2025. The approximate cost of a single ballis-

Planning Commission to Discuss Hillcrest Project

The Planning Commission is expected to discuss a project for the property located at 1169 Hillcrest Road that includes a request for a Zone Text Amendment to the Single-Family Residential Development Standards for Trousdale Estates, at their Thursday meeting.

The project involves a request to allow Trousdale Estate property owners who have the right to request construction of a single-family home with a second story to instead request the construction of a daylighting basement and

to allow grading off the existing level to facilitate the construction of a daylighting basement through a new Trousdale R-1 Permit

Currently, the standards in the area limit construction to the existing level pad and prohibit grading in any area that has a slope that exceeds one vertical foot for each five horizontal feet.

Since the proposed residence would not comply with these standards, the applicant has proposed to amend municipal code to create a new permit that would allow for this type of design. This would be for the "Removal of a Second Story and Addition of Daylighting Basement".

The proposed single-family residence would have a total square footage of approximately 18,442 square feet with a height of approximately 14'.

In 1958, the site received approval for the construction of a two-story single-family residence, which was subsequently demolished in 2013. The former partial second story had a linear length of approximately 51'-9" and a maximum height of 10'-3". The exposed portion of the proposed basement would be constructed to similar dimensions as the former partial second story. The basement would daylight at the rear of the project site, facing the city of Los Angeles

The proposed project also includes the reconstruction of a patio deck that had previously received approval in 1959. The proposal would also demolish existing unpermitted retaining walls.

The Commission is expected to conduct the public hearing and provide direction to staff regarding future action.

Planning Commission to Discuss Angelo Drive Project

The Planning Commission is expected to discuss a request for three Hillside R-1 Permits at the property located at t 1801 Angelo Drive, at their Thursday meeting.

The proposed project involves the construction of a new gate house structure and game court lighting. The request requires Hillside R-1 Permits: to allow the total of the cumulative floor area to exceed 15,000 square feet; to allow the proposed gate house to be located within 100' of the front property line; and to allow the height of game court lighting to exceed 7' in height.

The existing two-story single-family residence, single-story garage, and two-story accessory structure were originally designed by architect Roland E. Coate, who is listed on the City's Master Architect List. The property is also one of the largest properties remaining in the City today and is considered significant for its association with Jack L. Warner, according to the staff report.

The proposed project has been reviewed by the Historic Preservation staff and it was determined that the project was found to be in conformance with the Secretary of Interior's Standards.

The property is considered an estate lot because it is approximately 9.68

The Planning Commission previously granted Hillside R-1 Permits in 1995, 2014, and 2022, allowing for an increase in the total floor area beyond the 15,000 square foot limitation, according to the staff report.

Currently, the site has been approved for structures with a cumulative floor area of 29,401 square feet.

The existing game court is located in the northwestern part of the property adjacent to a property in the city of Los Angeles that is currently underdeveloped. The proposed court lights would be located on the western and eastern sides of the existing court for a total of eight, each with a height of approximately 22'.

City staff has received some calls requesting general information about the project, including concerns about the limited street parking availability surrounding the site.

To prevent parking disruptions associated with construction activity, the applicant is required to submit a Construction Management Plan.

The Planning Commission is expected to conduct the public hearing and possibly adopt the resolution conditionally approving three Hillside R-1 Permits for the property.

North Hills Man Obtained \$2.6 Million By Stealing Beverly Hills Residents' Identities

A San Fernando Valley man was charged in a federal grand jury indictment alleging he fraudulently obtained approximately \$2.6 million by stealing Beverly Hills residents' identities – often by stealing mail and packages from their homes – then using that information to open fraudulent bank accounts to which he unlawfully transferred money from the victims' bank accounts.

Thirty five year old Oren David Sela of North Hills was charged in an eight-

count indictment that a federal grand jury returned last week. The grand jury charged Sela with three counts of bank fraud, one count of aggravated identity theft, one count of possession of 15 or more unauthorized access devices, one count of unlawful possession of at least five identity documents, and two counts of possession of stolen mail.

According to the indictment and other court documents, from Nov. 2021 to Oct. 2023, Sela stole the mail of Beverly Hills residents to obtain debit cards, bank account numbers, credit cards, telephone numbers, and other personal identifying information. Sela allegedly used the personal identifying information he obtained to gain unauthorized access to the victims' bank accounts. Sometimes, to defeat two-factor authentication on a victim's account, Sela would engage in "SIM swapping" of the victim's telephone number to a SIM card that he would control.

"SIM swapping" is the process of fraudulently inducing a carrier to reassign a cell phone number from the legitimate subscriber's SIM card to a SIM card controlled by another without the legitimate subscriber's authorization. This allows the fraudster to take control of the victim's various accounts through two-step authentication text messages sent to a victim's cell phone.

After gaining access to a victim's bank account, Sela allegedly would open additional fraudulent accounts in the victim's name and transfer funds from the victim's bank account into those accounts. Sela allegedly would then withdraw funds from the fraudulent accounts or use the fraudulent accounts to make unauthorized purchases or transfers.

Sometimes, Sela caused debit cards and credit cards linked to a victim's account to be sent directly to him, and he then allegedly used those cards to make fraudulent unauthorized purchases.

In December 2022, Sela was arrested briefs cont. on page 7

COVERSTORY SOUTH CAÑON DRIVE AT WILSHIRE TO TEMPORARILY CLOSE

North Cañon Drive Closure Extended

By Danielle Berjikian

The City Council approved Metro's request to temporarily fully close South Cañon Drive at Wilshire Boulevard to accommodate the construction of an underground appendage structure for the Purple Line station for approximately three months until the first quarter of 2024.

As part of the MOA conditions, a minimum of one lane in each direction will

be open for residential streets. A full closure of South Cañon Drive is allowed over the weekends only, from Friday 8:00 p.m. to Monday 7:00 a.m.

As part of Section 2 of the subway project, multiple appendage structures are located adjacent to the station and provide functions of the station, this includes emergency exits, utility rooms, ventilation shafts, entrance maintenance

exit structures, and more. The largest appendage structures are located at South Beverly Drive and at South Cañon Drive.

Concrete deck panels on South Beverly were installed in Aug. and piling was completed on South Cañon in Oct. Excavation and construction of the appendage structures at South Beverly and South Cañon is expected to be completed in the Spring.

Based on the proposed mitigation measures intended to protect the nearby residential area and the commitment to minimal interruptions to the adjacent businesses, the City Council approved the request.

An additional one-year extension of the temporary closure of North Cañon Drive at Wilshire Boulevard was also requested until Dec. 31, 2024. This has been closed since 2019 to mitigate construction impacts of the Metro Purple Line Extension Project.

On July 24, 2018, City Council initially approved the closure of North Cañon for a minimum of two years and up to

six years in an effort to mitigate the construction impacts.

Some public comments expressed at the meeting cited negative impacts to surrounding businesses because of the closure and requested that the City Council deny this request and determine a date North Cañon will open. Chamber President David Mirharooni also opposed the one year extension due to similar concerns.

However, the general manager of Spago said that the closure has been beneficial for access to the restaurant and that the benefits to the closure exceeded any potential negative impacts.

According to a June Staff report, the station construction along Wilshire Blvd has made about 60% progress in building the station structure.

Since North Cañon has been closed since 2019, the Council approved a six month extension until June 30, 2024, rather than 12 months that was requested by Metro. However, the Council noted that this will likely be extended again.

for allegedly driving a car reported as stolen, according to an affidavit filed with a criminal complaint in this case. On Sela's person at the time of his arrest, law enforcement found six debit and credit cards in the names of four different victims.

Subsequent to this arrest, during a search of Sela's then-residence in West Hollywood, law enforcement uncovered extensive stolen mail containing victims' personal identifying information; bank statements and account information relating to at least 18 different victim accounts; five California driver's licenses belonging to five confirmed victims of identity theft; seven debit and credit cards belonging to confirmed fraud victims; and checks and receipts for expensive retail items, including a watch worth nearly \$17,000, that had been fraudulently obtained using victims' money, the affidavit alleges.

Sela was found with approximately 33 pieces of stolen mail in Dec. 2022 and at least 118 pieces of stolen mail on Oct. 10, the indictment alleges.

The losses incurred by four victims are approximately \$2,590,836, according to court documents, and at least 20 additional victims have been identified.

If convicted of all charges, Sela would face a statutory maximum sentence of 20 years in federal prison for each bank fraud count, up to 10 years in federal prison for the possession of unauthorized access devices count and for the unlawful possession of identity documents count, a statutory maximum sentence of five years in federal prison for each possession of stolen mail count, and for the aggravated identity theft count, a mandatory two-year prison sentence consecutive to the rest of his sentence.

Horse Racing

A pair of 2-year-olds in the stable of a partnership founded by 1995 Beverly Hills High School graduate Aron Wellman finished third in \$2 million Grade 1 Breeders' Cup races Friday at Santa Anita Park.

Candied, owned by Eclipse Thoroughbred Partners, finished third in the Breeders> Cup Juvenile Fillies while Locked, co-owned by Eclipse Thoroughbred Partners and Lexington, Kentucky-based Walmac Farm, finished third in the Breeders' Cup Juvenile two races later.

third," Wellman said.

"Candied stumbled badly at the start and overcame trouble to be a gallant third, beaten only a half-length."

Both Locked and Candied are next expected to race in Florida in February, preparing for the Kentucky Derby and Kentucky Oaks, Wellman said.

The 2023 Breeders Cup also included two horses co-owned by Little Red Feather Racing Club, the partnership headed by Beverly High alumni Billy Koch and Gary Fenton.

Gold Phoenix finished fourth in the Breeders> Cup Turf, rallying from 10th in the 11-horse field with a quarter-mile to go in the mile-and-a-half race, while Beer Can Man finished seventh in the Breeders> Cup Sprint, both Saturday.

Wellman and horse owner and movie producer Gary Barber led the effort to get horsemen to donate a share of their Breeders' Cup earnings to Stand Up to Jewish Hate, a national campaign

designed to raise awareness about antisemitism and hatred against Jews and to encourage all people to post and share the Blue Square to stand up against intolerance

Koch and Fenton were among the horsemen pledging to donate a share of their Breeders' Cup earnings to Stand Up to Jewish Hate.
